

Fire Department

# Eaton Fire Update

Chad Augustin  
Fire Chief

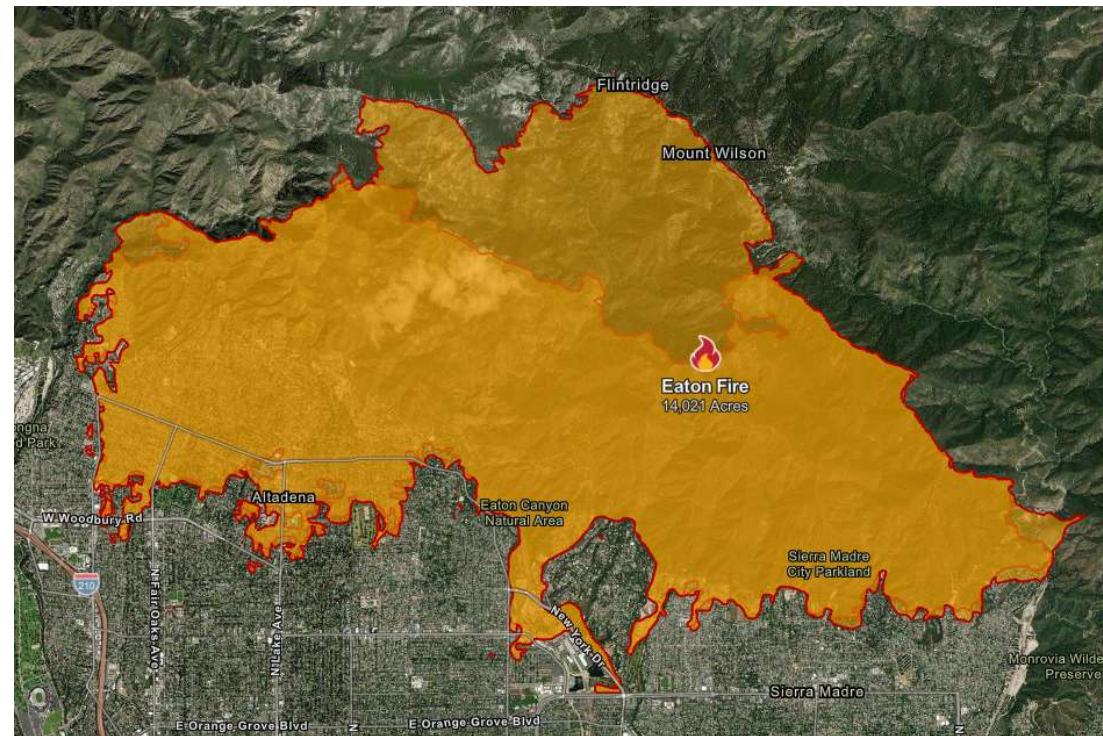

January 23, 2025  
City Council

### Current Status:

- 14,021 acres burned
- 95% containment
- 1,837 Firefighters assigned

# Eaton Fire: PWP Current Status

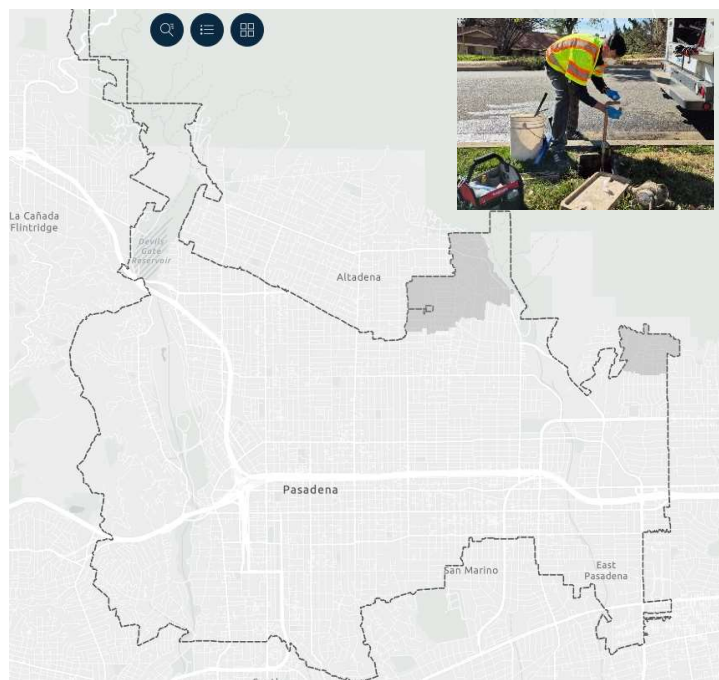

## Fire Department

### Power:

- Power restored to all customers and continue working with customers repairing own service equipment
- Power plant generating power for reliability

### Water:

- Reduced the Do-Not-Drink Water Notification area from 36% to 4% of service area
  - Continue to work around the clock to repair facilities and confirm drinking water quality in remaining impacted area
  - Interactive map, FAQs, and more on website

## Next Steps:

- Possible Red Flag through Friday
- Rain forecasted for the weekend
- Ongoing preparations for mud and debris flow
  - Future community meetings

# Mud & Debris Flow:

- Sign up for alerts, have a Go Bag and an exit plan
- Heed warnings and be prepared to evacuate
- Do not walk or drive through flooded roadways
