EATON FIRE REPORT (City Departments)

Recommendation: It is recommended that the City Council:
 (1) Consider updates from City staff and provide direction if desired by the City Council; and

Chad Augustin, Fire Chief, presented a PowerPoint presentation recapping the catastrophic windstorm and the Eaton Fire events that occurred in early January 2025, the response efforts from the Fire Department, and post-fire recovery efforts from the City. Manual Carmona, Public Health Director, provided a recap on evacuation center operations, infection disease prevention, partnerships with medical providers, and coordinating emergency support and supplies at the Pasadena Conference Center site. Greg de Vinck, Public Works Director, provided a recap on high-wind preparations, debris removal efforts, and post-fire mudslide preparations. Danielle St. Clair, Assistant City Attorney, provided a recap of immediate response efforts by all City departments and she noted key takeaways and improvements that will occur for future disaster responses.

Councilmember Hampton requested additional information on potential improvements across all departments in the future and suggested that the matter be further debriefed at a future Public Safety Committee meeting.

In response to Vice Mayor Rivas’ inquiry regarding the process of issuing evacuation orders and warnings for the Eaton Fire, Fire Chief Augustin reported that the City primarily utilized PLEAZ and Nixel to send out alerts to residents. He reported that alerts were also sent to residents in surrounding areas of evacuation zones through LA County’s new system, Genasys. Vice Mayor Rivas suggested that once the County finalizes their report on Genasys, a debrief be presented to either the Public Safety Committee or the City Council.

Councilmember Cole arrived at 7:42 p.m.

Councilmember Madison also advocated for increased fire prevention measures such as year-round brush clearance in the Arroyo, undergrounding transmission lines, and implementing a fire training center.

Councilmember Lyon also expressed gratitude to City staff for their roles and efforts in responding to the Eaton Fire. In response to Councilmember Lyon’s inquiry regarding lessons learned, Fire Chief Augustin reported that the City will work to improve communications by implementing various communication programs and establishing a back-up evacuation center in the event that the convention center is unavailable. Councilmember Lyon advocated for City staff to formalize protocols for members of the City Council to communicate effectively with constituents during an emergency.

In response to Councilmember Madison's inquiry regarding California Brown Act provisions during the local state of emergency, City Attorney Bagneris confirmed that the Brown Act was relaxed significantly, as is allowed during emergency circumstances, and occurred as a result of the Governor's emergency declaration order, which allowed for more expansive remote meeting usage by the City Council.
