FISCAL YEAR 2026 GENERAL FEE SCHEDULE

FY 2026 Fee #	Description	FY 2025 REVISED FEE	FY 2026 RECOMMENDED FEE	Validation of FY25 to 26 Fees	Change from FY 25 Revised Fee	Notes	Higher Than CPI (3.1094%)
Fire							
37	EMS Transport	\$4,167.00	\$4,354.00	4.4876%	\$187.00	The Department completed an FY 2026 EMS Fee Study update with a third-party consulting firm to assess the EMS Transport Fee, which includes the full costs of service. Costs were determined in FY 2022 through an initial EMS Fee Study. Since then, costs of services, supplies and fire personnel rates have increased. The Fee Study proposes cost recovery based on current rates and consolidates additional EMS Fees to streamline the collections process. The recommended rate will recover costs for all responses to an emergency 9-1-1 call with equipment and personnel at an advanced life support (ALS) level, and for patient transports to hospitals on medical incidents. Estimated Annual Revenue: \$500,000.	x
42	Oxygen	\$116.00	\$125.00	7.7586%	\$9.00	The Department recommends increasing these fees to recover the full cost of service, as per the completion of a third-party EMS Fee Study. Estimated Annual Revenue: \$223,618	x
43	Electrocardiogram (EKG)	\$21.00	\$76.00	261.9048%	\$55.00		x
44	Response Only - No Transport	\$217.00	\$435.00	100.4608%	\$218.00		x
Planning and Community Development							
526	Negative Declarations and Mitigated Negative Declarations	\$2,916.75	\$2,968.75	1.7828%	\$52.00	The Department recommends updating the fee to match LA County Adopted Fees for CEQA documents. Estimated Annual Revenue: \$10,000	
527	Environmental Impact Reports	\$4,051.25	\$4,123.50	1.7834%	\$72.25		
528	Environmental documents prepared pursuant to a certified regulatory programs	\$1,377.25	\$1,401.75	1.7789%	\$24.50		
Public Health							
Community Health Services - Immunizations						Estimated Annual Revenue: \$4,744	
742	Duplicate Health Placard	\$18.60	\$21.00	12.9032%	\$2.40	The Department recommends increasing the fee to recover full costs as a result of increased personnel costs, operating costs, and IS charges. The fee is increased above CPI as the rate has not been increased at an appropriate level for cost recovery in over 5-years. The fee will increase by CPI, going forward.	x
749	DPT, Polio, MMR, HepB, HIB, Pneumococcal, HAV, Combination Vaccines (ages 0-18 years)	\$28.00	\$26.00	-7.1429%	(\$2.00)		
751	Pneumonia	\$274.00	\$199.00	-27.3723%	(\$75.00)	The Department recommends adjusting the fees to align with updated costs to deliver services and associated vaccine dose costs. Embedded within the fee is the inclusion of the administration costs per vaccine dose which covers the clinical, oversight, and administrative staffing and operating costs. The vaccine fees also take into account FY26 vendor costs, which in some vaccines have actually seen a reduction in price, year-over-year. The Department currently does not accept insurance as a form of payment; in future years, an electronic health record system will allow the department to bill insurance companies directly.	
752	Yellow Fever (Includes Official Validation)	\$222.00	\$274.00	23.4234%	\$52.00		x
753	Typhim VI (Injectable)	\$120.00	\$150.00	25.0000%	\$30.00		x

Transportation							
917	Plaza Las Fuentes Parking Garage - Valet Banquet/Event Parking	\$14.00	\$20.00	42.8571%	\$6.00	The Department conducted a rate survey and recommends increasing the hotel valet rates to be comparable with other valet operations in the area. Estimated Annual Revenue: \$45,000	x
918	Plaza Las Fuentes Parking Structure - Hotel Valet / Hotel Self-Park	\$24.00	\$28.00	16.6667%	\$4.00		x
Water and Power							
1021	Bi-Directional Solar Meter – Material Only	No Charge	At Estimated Cost			The Department recommends revising the fee title from “Pasadena Solar Initiative Application Review and Inspection” to “Bi-Directional Solar Meter – Material Only.” This update is the result of the sunset of the Pasadena Solar Initiative that has been amended in practice to the solar application review, inspection and meter replacement. The cost of materials for this process should be recovered by the customer who is installing a solar system on their property and is directly associated with installation of a bi-directional meter to ensure proper operation. Solar installations already receive an incentive on an on-going basis through PMC Net Energy Metering. Estimated Annual Revenue: \$75,000	
Public Works							
1199	Truck Rollout Commercial	\$52.08	\$55.72	6.9892%	\$3.64	The Department recommends increasing the fee due to an increase in operating and indirect monthly costs. The fee was mistakenly not included in the cost of service study for the City's Refuse Collection Program, completed on May 13, 2024. It is recommended that the fee increase by the same 7% adjustment as the other refuse collection fees. Estimated Annual Revenue: \$43.80	x
1200	Truck Rollout Additional - Commercial	\$10.87	\$11.63	6.9917%	\$0.76	The Department recommends increasing the fee due to an increase in operating and indirect monthly costs. The fee was mistakenly not included in the rate study completed on May 13, 2024. It is recommended that the fee increase by the same 7% adjustment as the other refuse collection fees. The estimated annual revenue is unclear as there are currently no existing customers for this fee.	x
