Kevin, after considerable thought I have decided to retire from the Design Commission. I have absolutely enjoyed being a member of the commission over the years. I've learned a great deal and have deep respect for the city's planning and design department, especially you and your team .

I'm offering my resignation to allow for others to have a say in how the city grows, and to help with the selection of new leadership. Please remove from the design commission and UFAC committee.

Thanks Kevin and best to all. Bob
