

ATTACHMENT G

Bungalow Heaven Landmark District Conservation Plan

This plan, ~~adopted by the City Council on October 5, 1993,~~ replaces in its entirety the Conservation Plan adopted on ~~November 14, 1989~~October 5, 1993.

I. INTRODUCTION

With the goal of preserving the unique historical and environmental qualities of a residential neighborhood in the City of Pasadena, the homeowners in the neighborhood – by majority vote – petitioned the City to create the Bungalow Heaven Landmark District (District) in 1989. The district was established by Ordinance 6368 on June 26, 1990. In 2004, property owners on Holliston Avenue and contiguous areas voted to join the landmark district, and this addition became official with Ordinance 6977 on June 7, 2004.

This Conservation Plan establishes certain guidelines that may affect exterior changes to your home. Please read carefully.

II. DESCRIPTION

Bungalow Heaven Landmark District is a rare and mostly intact collection of over ~~800-1000~~ homes built from the ~~turn-of-the-century~~ late 19th Century through the ~~1930s~~ middle of the 20th Century. The specific Period of Significance is from 1885 through 1956. The district is bounded by East Orange Grove Boulevard on the south, East Washington Boulevard on the north, North Mentor Avenue on the west, and North ~~Chester-Holliston~~ Avenue on the east. Both sides of the street on Mentor and ~~Chester-Holliston~~ are included in the district.

III. CHARACTER

While the majority of homes in Bungalow Heaven are Craftsman style bungalows, hence the name of the district, many fine residences of significant historic design, including Spanish Colonial Revival and Tudor Revival, populate the neighborhood. The neighborhood retains a distinct single-family quality. The character of the district is enhanced by mature street trees and attractive landscaping, which are important elements of the overall streetscape.

IV. HISTORIC SIGNIFICANCE

Distinctly American in origin, Craftsman architecture flourished in Pasadena from approximately 1905 to the 1920s. The architectural style was utilized in the design of both ~~humble-unpretentious~~ houses and large mansions. Bungalow Heaven, which substantially developed at the height of this enthusiasm, has one of the largest, intact collections of Craftsman bungalows in Pasadena. The creation of moderately-sized housing continued through waves of development in the 1920s and then in the 1930s through the 1950s, encompassing many of the historic styles popular within that span. The bungalows and other houses of this neighborhood stand as ~~an~~ examples of regional architecture and are ~~a~~ significant historic resources s for the City, the State, and the Nation.

V. GOALS AND OBJECTIVES

The goals and objectives of this Conservation Plan are:

- To assist homeowners and other parties with restoration, alteration or additions to buildings, so that the historic and architectural qualities of the District are maintained and preserved.
- To increase awareness of the unique aesthetic, architectural and historic qualities of the District and to promote education and neighborhood involvement toward this goal.
- To eliminate unnecessary demolition, destruction, and neglect of this important part of Pasadena's history.
- To stimulate the economic health of the area and enhance residential property values within the District.
- To guide new construction so that it is compatible with the scale, style and character of the District.

VI. **WORK REQUIRING ~~DESIGN REVIEW~~ A CERTIFICATE OF APPROPRIATENESS**

Chapter ~~17.52~~ 17.62 of the Pasadena Municipal Code authorizes the Certificate of Appropriateness ("COA") process ~~design review~~ within designated landmark districts. Within the Bungalow Heaven Landmark District, design review shall apply as follows:

Future construction or exterior alterations to existing structures, new construction within the areas zoned for single-family and multi-family residential development, and relocations of structures into the district require a COA Certificate of Appropriateness ("Certificate") from the City of Pasadena before a building permit is issued.

The COA review applies only to those portions of a structure that are visible from the public right-of-way. Additions or alterations that may be concealed by temporary features such as landscaping and fences, may be subject to design review. Features of a structure that are not visible from the public right-of-way are exempt from review.

An initial architectural survey of the Bungalow Heaven Landmark District was completed in 1987. Additional surveys were done (1) in 1997 by the neighborhood association and city staff; (2) in 2008 by the city in conjunction with the National Register listing of part of the landmark district; and (3) in 2021-2022 by the neighborhood association with review by city staff. The purpose of the surveys was to identify those structures within the District whose historic character had been essentially maintained ("contributing") and those structures that, due to alterations or additions, no longer reflected their original historical character or due to a more recent construction date ~~is~~ are outside the district's period of historic significance ("non-contributing"). The resulting list of contributing and non-contributing resources is appended to this Conservation Plan as the Master List of Resources.

~~City staff shall determine whether a structure is contributing or non-contributing. The staff shall refer to the City's Historical and Architectural Inventory (#21, Bungalow Heaven) in these determinations in addition to evaluating the building's current status of significance. The Master List of Resources shall determine whether a structure within the Landmark District is contributing or non-contributing. Where later changes have affected a structure, the Director of Planning and Community Development may change (pursuant to PMC Section 17.62.070.I) the contributing or non-contributing status subject to appeal or call for review by the Historic Preservation Commission. All such changes shall be entered into the Master List of Resources and do not require an amendment to the Conservation Plan. The most current Master List shall be maintained by the City and made accessible to the public.~~

A. Contributing Structures

1. The following items are not subject to COA review. If a building permit is required, a COA Certificate will be issued without review:

- a. Exterior alterations not visible from the street.
- b. House painting (preparation for; colors; stains).
- c. Routine maintenance and minor repairs.
- d. Landscaping (including sprinkler system work).
- e. All interior alterations.
- f. Screens and awnings.
- g. Flat concrete work (including driveways and walkways).
- h. Rear yard fences.
- i. Exterior lighting fixtures.
- j. Window grilles.

2. The following items, if visible from the public right-of-way, require COA review by ~~the staff of the Historic Preservation Commission (Commission)~~ city staff:

- a. Rear additions that do not exceed the existing height of the roof ridge.
- b. Replacement of, or alterations to, windows and doors; changes to openings for windows and doors.
- c. Replacement of, or alterations to, materials (including siding and trim) on exterior walls, chimneys, and foundations.

- d. Changes to roofing, including materials and changes to installation pattern of roofing shingles or tiles.
- e. Replacement of existing skylights or installation of new skylights.
- f. Front yard and side yard fences and walls (including retaining walls).
- g. Mechanical equipment in front of house or on roof (including solar collectors).
- h. Demolitions of garages; alterations to existing garages; new garages.
- i. Waiver of zoning requirement for two-car garage.
- j. Restoration of historic features (including removal of asbestos, vinyl, or aluminum siding).
- k. Porches.

NOTE: ~~COAs Certificates~~ for this category of work will be issued upon approval by staff. At its discretion, the staff may refer applications to the Historic Preservation Commission.

3. These items, if visible from the public right-of-way, require COA review and approval by the Commission:

- a. Demolitions (except garages).
- b. Additions or major alterations to the front or side elevations of a house.
- c. Additions to the rear elevation that exceed the existing height of a house.
- d. Alterations to the roof (except re-roofing and skylights).
- e. New construction (except garages).
- f. Relocations of houses and other structures.

B. Non-Contributing Structures

1. Alterations to structures identified as non-contributing to the historic quality of the district shall be exempt from COA review except for the following:

- a. Demolitions (except garages).
- b. Substantial exterior rehabilitation (for example, additions, new exterior cladding, in-filling of open porches, and changes to openings for windows and doors).
- c. Front and side yard fences and walls.

2. Review Guidelines for Non-Contributing Structures.

- a. When reviewing alterations to non-contributing structures, the Commission shall consider an alteration or addition in terms of its relationship to the existing structure and to the appearance of adjacent or other surrounding ("immediate neighborhood") structures in the landmark district or neighborhood.
- b. The design for an addition should always be compatible with its surroundings in mass, materials, and relationship of solids to voids.
- c. An addition or alteration should avoid obscuring or damaging historic materials which may exist on the non-contributing structure.
- d. The Commission will encourage (but not require) the retention of existing historic features on houses that could, upon rehabilitation, become contributing to the District.

VII. OTHER REVIEWS

1. The Commission shall also be responsible for the following reviews:

- a. Advisory reviews (to Public Works & Transportation and Recreation & Parks Departments) concerning improvements to McDonald Park.
- b. Advisory reviews (to zoning administrator) concerning non-conforming parking in areas zoned for multi-family development requests for economic hardship waivers (as authorized by §17.52.080 of the Pasadena Municipal Code).

2. All requests for demolition permits in the District (except for garages) will be reviewed by the Commission. Demolition of historic structures shall not be allowed unless:

- a. Disapproval will deprive the property owner of substantially all reasonable use of the property; or
- b. Approval will not have a significant effect on the achievement of the purposes of the LD overlay district. For example:

1. The structure has already been significantly altered and no longer contributes to the historic quality of the district; or
 2. The structure is less than 50 years old and does not contribute to the District.
3. **The current zoning requirement for two covered parking spaces (P.M.C. 17.68.020) may be waived by the staff or the Commission only for single-family residences and if the existing, covered parking structure is:**
- a. An integral part of the architectural/historical quality of the residence or neighborhood; and
 - b. Visible or partially visible from the street; and
 - c. Fifty years old or older.
- This waiver ensures that historic garages are not remodeled or demolished simply to meet the zoning requirements for parking. Alterations to historic garages require a COA Certificate if the alteration is visible from the public right-of-way.

VIII. THE CITY OF PASADENA

The City of Pasadena, as a major property owner in the district, will endeavor to maintain the historic quality of the neighborhood. This objective includes but is not limited to:

- a. Repairing and preserving the existing historic street lights;
- b. Replacing - when necessary - historic street lights that match or are compatible with the existing historic street lights;
- c. Replacing street trees with as large a tree as possible, and in locations that match the existing pattern, as identified in the City's designated species list and master plan for street trees; and
- d. Installing drive-way curb cuts to replicate those which are original to the district.

IX. ASSISTANCE TO PROPERTY OWNERS / APPLICANTS

To assist property owners to comply with this Conservation Plan, the City of Pasadena will make available to property owners information and resources relative to acceptable methods of construction and alteration. Representatives of the Bungalow Heaven Neighborhood Association are available to assist residents with the preparation of applications for COAs Certificates.

X. DESIGN CERTIFICATE OF APPROPRIATENESS REVIEW PROCEDURES

1. Exterior alterations listed in the previous section as requiring design-COA review will be reviewed by the Commission or by city staff to the Commission. The Commission (or staff) will determine whether the proposed alteration or construction is in keeping with the historic quality of the neighborhood and adheres to the most current editions of the *Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings* and also Pasadena's Design Guidelines for Historic Districts. ~~These documents are~~ available from the office of the Design & Historic Preservation Section of the Planning Division (626/744-40094228 or DHPquestions@cityofpasadena.net) ~~of the Planning Division~~. The Commission (or staff) may approve, conditionally approve, or deny an application.
2. All Commission meetings are open to the public.
3. ~~Staff decisions are not subject to calls for review by the Commission. Any decision by the staff may be appealed by the applicant to the Commission. Any decision by the Commission may be appealed by the applicant to the City Council.~~ Decisions by staff or the Commission may be appealed or called for review as set forth in the Historic Preservation Ordinance.
4. The Landmark District has a zoning designation of "LD overlay district." Within this district, the Commission or staff may impose reasonable design-related conditions that are stricter than the zoning regulations if it finds that a proposal for demolition, alteration, or new construction is inconsistent with this plan and with the historic architectural qualities of the district. Copies of the district ordinances may be obtained from the office of the Design & Historic Preservation Section.

XI. ADDRESS RANGES

Address Ranges	
Street	Address Range
Bell	915 - 1235
Catalina St. (North)	690 - 1330
Chester Ave. (North)	690 - 1330
Claremont St. (East)	915 - 1185
Evelyn Place	1105 - 1127
<u>Holliston Ave. (North)</u>	<u>690 - 1330</u>
<u>Loma Vista St.</u>	<u>1351-1370</u>
Mar Vista Ave.	690 - 1330
Mentor Ave. (North)	690 - 1330 (excluding 691 -713 odd)
Michigan <u>Ave.</u> (North)	690 - 1330
Mountain St. (East)	965-917 - 1235 <u>1370</u>
Orange Grove Blvd. (East)	955 - 1289 <u>1319</u> (odd only)
Washington Blvd. (East)	1020 - 1290 <u>1340</u> (even only)
Wilson Ave. (North)	690 - 1330

The exact boundaries of the district are shown on the official city zoning map (available via the Internet).

The Master List of Resources forms the appendix of this Conservation Plan.

Bungalow Heaven Landmark District – Master List of Resources

Introduction

This document presents the list of properties within the Bungalow Heaven Landmark District, including the Bungalow Heaven Historic District (the National Register district, which is wholly within the landmark district). The list provides the contributing or non-contributing rating of the residential or business/institutional buildings on each parcel.

The new research, new visual evaluations, and overall compilation were initially done by a committee working under the auspices of the Bungalow Heaven Neighborhood Association (BHNA) in 2021-2022. The results have been reviewed and approved by the city Design and Historic Preservation staff.

Effective years (abbreviated eff) indicate the year that the building was transformed via major alterations to a new appearance and style.

Administration and Maintenance

Refer to Conservation Plan section VI, which is repeated below for convenience:

The Master List of Resources shall determine whether a structure within the Landmark District is contributing or non-contributing. Where later changes have affected a structure, the Director of Planning and Community Development may change (pursuant to PMC Section 17.62.070.I) the contributing or non-contributing status subject to appeal or call for review by the Historic Preservation Commission. All such changes shall be entered into the Master List of Resources and do not require an amendment to the Conservation Plan. The most current Master List shall be maintained by the City and made accessible to the public.
