## **SECTION 1 – GENERAL PROVISIONS**

### **Preamble**

The City of Pasadena is engaged in public services requiring continuous operations that are necessary to maintain the health and safety of the City's customers. The obligation to maintain these public services is imposed both upon the City and the Union during the term of this Memorandum of Understanding ("MOU") and the certification of the Union as the recognized employee organization of the employees in this representation unit.

It is the intent and purpose of this MOU is to set forth the total and complete understanding and agreement between the parties regarding wages, hours and other terms and conditions of employment. All present written rules and present established practices and employee rights, privileges and benefits that are subject to meet and confer shall remain in full force and effect unless specifically altered by the provisions of this MOU.

### **Recognition**

In accordance with provisions of the Charter of the City of Pasadena, the Meyers-Milias Brown Act and provisions of Employer-Employee Labor Relations Resolution No. 555, (hereinafter referred to as Resolution No. 555) the City acknowledges IBEW, Local 18 as the recognized employee organization for the purpose of meeting and conferring regarding wages, hours and other terms and conditions of employment for those employees in certain specified classifications in Exhibit I. All other classes not specifically listed are excluded from representation by IBEW, Local 18.

Any employee whose classification is added to or deleted from the unit (through unit modification or severance) shall have the right to representation by IBEW, Local 18 or other Union.

### **Term of MOU**

- A. Except as may be otherwise specifically provided herein, the ordinances/resolutions and other changes to implement this MOU shall become effective on July 1, 2022. This MOU shall remain in effect through June 30, 2026.
- B. This MOU shall in all respects be subject and subordinate to the provisions of the Pasadena City Charter, and state and federal law.
- C. The parties, during the term of this MOU, may mutually agree to consider other specific proposals.

### **Scope**

- A. Management Rights

The scope of representation shall include all matters relating to wages, hours and other terms and conditions of employment, except however, that the scope of representation shall not include consideration of the merits, necessity or organization of any service or activity provided by law or executive order; which shall include but not be limited to the right of the City to: direct, supervise, hire, promote, suspend, discipline, discharge, transfer, assign, schedule and retain employees; relieve employees from duties because of lack of work or funds, or under conditions where the employer determines continued work would be inefficient or non-productive; determine services to be rendered, operations to be performed, utilization of technology, and overall budgetary matters; determine the methods, processes, means, job classifications, and personnel by which government operations are to be conducted; determine the overall mission of the City; maintain and improve the efficiency and effectiveness of government operations; take any necessary actions to carry out the mission of the City in situations of emergency; and take whatever other actions may be necessary to carry out the obligations of the public not otherwise specified above.

The exercise of these rights does not preclude IBEW, Local 18 from requesting to meet and confer over the impacts these decisions have on wages, hours and other terms and conditions of employment.

#### B. Employee Rights

The designated Union officers and stewards shall be permitted to engage in contract disputes during the term of this MOU, and the adjustment of grievances of employees in the bargaining unit, subject to the limitations set forth in this MOU. Unless otherwise approved by a supervisor, these permitted activities performed during the normal employee duty time of such designated and appointed officers and stewards shall fall within one of the following categories:

1. Discuss with an employee a grievance or complaint;
2. Make inquiries in order to obtain relevant information related to a grievance, including discussions with supervisors, other employees or other management officials provided that such inquiry will not include the right, while on City time, to question visitors or non-employees of the City;
3. Assist employees in preparation for, or represent employees in, the appeal and review steps of the grievance procedure or in arbitration;
4. Attend meetings with supervisors or other management officials regarding grievance adjustments, consultation or general discussion directly related to wages, hours or working conditions, and other matters mutually agreed upon;
5. Prepare for meetings mutually agreed by the City and the Union.

Subject to the initial provisions of this MOU regarding paid time for such activities, the City agrees that duly designated Union officers and other representatives will be allowed to meet with Management representatives during normal working hours without loss of pay. The foregoing release from normal working duties is subject, however, to the requirement that when any such designated Union officer or representative is representing an employee, he/she will request the permission of his/her immediate supervisor in advance of any meeting, advising the supervisor of his/her destination and when he/she expects to return. Such request will be granted by the supervisor unless work processes require the presence of the employee at that time.

Upon returning to his/her duty station, the Union officer or representative will notify his/her supervisor. Upon arriving at the work place of the employee to be represented, the Union officer or representative will normally be permitted to contact the employee. The represented employee also shall be required to request permission for time off in advance of any meeting. To the maximum extent possible, interviews between representatives and the employees will be held away from other employees and away from the public.

If the Union official is not permitted to contact the employee at the immediate time of his/her arrival at the work place, the supervisor in charge will advise the Union officer or steward the reason why he/she cannot do so and the time when the employee will be available.

The shop steward shall be permitted to be present at all counseling sessions which result in disciplinary action when requested by an employee. If a shop steward's presence is requested by the employee, the meeting will not be conducted until the shop steward is present.

The shop steward shall be permitted to be present at any meeting in which any disciplinary action is to be taken, unless the employee requests that the shop steward not be present.

All Union activities shall be conducted in such a manner as not to disrupt the work activities of the employees involved.

The City agrees to provide the Union with written notice/materials which involve matters within the scope of representation in a timely manner.

#### C. Union Representatives

The City agrees to recognize and deal with an appropriate number of local Union officers, including Union stewards, so that each employee in the bargaining unit will have reasonable access to a Union representative. No Union officer other than the president of the unit, nor any steward, regardless of when selected, shall function as such for purposes of carrying on the Union activities, until the City's Director of Human Resources has been notified in writing by the president of the unit, or a unit officer or staff representative of his/her selection as an official or steward. Notice of changes in the selection of Union officials and stewards, and their alternates, will be given whenever such changes occur.

The Union endorses the concept of employees utilizing the steward in the employee's assigned work area; provided, that it is recognized that there may be necessary occasions when a different steward or Union officer or their designee from among the list of authorized representatives provided to the City, shall take over representation of the aggrieved employee. In such cases, the Union will promptly notify the department head and the City's Human Resources Department of the change.

The Union shall provide the City's Human Resources Department with a list of authorized staff representatives which list shall be kept current by the Union. Access to work locations will be granted only to Union staff representatives on the current list.

#### D. Bulletin Boards

Space shall be provided on City bulletin boards at their present locations for Union posting of notices and bulletins of the following types:

1. Notices of Union recreational, social affairs, and related Union business news;
2. Notices of Union elections; provided that this shall not include campaign material;
3. Notices of Union appointments and results of Union elections;
4. Notices of Union meetings;
5. Union constitution, by-laws, and proposed amendments thereto;
6. Such other notices as may be mutually agreed upon by the Union and the Director of Human Resources.

All materials posted on bulletin boards shall indicate that the Union (IBEW, Local 18) is responsible for the material and clearly indicate the author's identity, preferably by signature by an official of the Union. It must be clearly understood that such material is not official material or endorsed by the employer, and the material must not contain anything that would identify it as such.

In no case shall obscene or personal attacks on City Management or other persons be placed on any bulletin board. Copies of all information posted on any bulletin board shall be submitted to the Human Resources Department at the time of their posting.

In the event that the Union raises an objection as to the adequacy of bulletin board space, the City agrees to meet and confer with the Union to attempt to address the situation. If a dispute arises over the issue of bulletin board space or material which the Union wishes to place on the boards, such a dispute may be resolved through the normal Grievance Procedure.

### **Maintenance of Membership**

- A. The City shall deduct the regular dues of employee members of the Union. However, dues deduction shall be made only on the written authorization of the employee.
- B. IBEW, Local 18 shall indemnify and hold the City harmless from any and all claims, demands or suits, or any other action arising from this section or any claim from a member or former member related to the deduction of dues from their compensation.

### **Non-Discrimination**

The provisions of the MOU shall be applied equally to all employees and the City and Union agree that they shall not unlawfully discriminate on any basis that is protected by law (including but not limited to Government Code Section 3502). Any violation of this provision by the City shall be subject to immediate correction; any violation by the Union shall also be subject to immediate correction.

In the event of any such strike or concerted action against the City dismissal proceedings shall be initiated against such employee or employees. Upon determination that the employee willfully engaged in a strike or concerted action, the employee(s) may be separated from employment.

### **Modification Clause**

Any agreement, alteration, understanding, variation, waiver, or modification of any of the terms or provisions contained herein shall not in any manner be binding upon the parties hereto unless made and executed in writing by all parties hereto, and if required, approved and implemented by the City Council.

### **Savings Clause**

If any term or provision of this MOU is found to be in conflict with any City, State or Federal law, the parties agree to meet promptly, and as often as necessary, to expeditiously renegotiate this term or provision.

All other terms and provisions of this MOU shall remain in full force and effect during the period of such negotiations and thereafter until their normal expiration date.

## **Impasse**

Should the possibility of agreement between the representatives of the City and the Union be exhausted, all items of agreement and disagreement shall be submitted to the City Manager for processing consistent with the Charter, ordinances and resolutions of the City. For purposes of applying the Shift Differential, the Swing Shift is defined as any shift of six hours or more, regularly scheduled to start between the hours of 2:00 p.m. and 9:59 p.m. The Graveyard Shift is any shift of six hours or more, regularly scheduled to start between the hours of 10:00 p.m. and 4:59 a.m.

### B. The parties agree that to the extent permitted by law, this is special compensation and shall be reported as such pursuant to Title 2 CCR, Section 571(a)(4) and Section 571.1(b)(3) Special Assignment Pay – Shift Differential as special compensation.

This payment will continue during the temporary assignment of individuals to day shifts.

- C. Scheduled overtime (identified at least 24 hours in advance) shall be offered as equitably as possible to employees who are in the same classification. The department will maintain a Scheduled Overtime Log (SOL) that records actual hours (compensated) of overtime that each employee is offered and either accepts/works or declines. The overtime log will be posted on the first Monday of each month. New employees and employees who have been on a leave of absence of more than thirty (30) calendar days will have the average overtime hours of employees in their same classification credited to the SOL.
- D. Except between the hours of midnight and the beginning of an employee's regular shift, overtime, at the rate of one and a half times the employee's hourly straight time rate, will be paid for the following:
  - 1. All actual time worked (including paid leave time) over forty (40) hours in any workweek;

- E. Double time (twice the employee's hourly straight time rate) will be paid for the following:
  - 1. Once an employee has worked more than eight hours on his/her regular day off, the overtime rate becomes double time (twice the employee's hourly straight time rate). The employee continues to receive the double time rate until he/she has been released from all work duties for six hours.
  - 2. The department has the sole discretion to determine when to release an employee from performing his/her duties in order to have them take an eight-hour break. An employee may not work more than twenty-four (24) consecutive hours without a minimum of an eight (8) hour break. Should an employee be released from performing his/her duties during their regular work hours, the employee will be compensated for his/her regular work hours at straight time.

3. Excluding shift employees and pre-scheduled overtime within two hours of an employees' regular shift, hours worked between midnight and the start of their regular day shift shall be paid at double time (twice the employee's hourly straight time rate). On the employee's regular day off, the hours of the employee's regular day shift shall apply. The employee continues to receive the double time rate until he/she has been released for all work duties for six hours.
  - a. This section does not apply to any employee whose regularly assigned shift extends past midnight, to any employee who is assigned the graveyard shift, or to employees in the classifications of Power Dispatcher, Senior Power Dispatcher and Power Troubleshooter, subject to the limited exception in Section E(3)(b), below.
  - b. The classification of Power Troubleshooter shall be eligible to receive double time for hours worked between the hours of midnight and the start of the day shift. However, if management assigns a Power Troubleshooter to the graveyard shift as their regular schedule, they will no longer be eligible for double time for the hours worked between midnight and the start of the day shift.
4. Power Dispatchers, Senior Power Dispatchers and Power Troubleshooters will be paid double time for working on their second, fourth or sixth day off.

- B. Call back is the unscheduled call to an off-duty employee requiring that they report to work.
- C. Unit members are compensated at double time (twice the base hourly rate of pay) for hours worked beginning when they receive the phone call to report to duty (up to a maximum of one hour, unless authorized by a supervisor or designee). However, in all cases, a call-back will result in double time for at least a two-hour minimum.
- D. Unit members will continue to receive double time for regular work hours when a call back results in work that continues into the regular shift or until receiving a six-hour break.

#### **Overtime Meals**

- A. Meal Periods
  1. For any overtime assignment (either prescheduled or unscheduled), employees will be provided paid time to acquire and eat a meal at intervals of approximately four (4) hours. However, in no

event, shall an employee be required to work more than five consecutive hours without a meal period.

2. If an employee is called back to work on an emergency basis and as a result could not eat a meal at their normal meal time, he/she will be provided an opportunity to eat a meal as soon as is reasonably possible. This meal and the time to acquire and eat the meal shall be at City expense.
3. Employees who are required to report to work two (2) hours or more ahead of his/her regular scheduled shift and/or are required to work two (2) or more hours beyond his/her regular shift will be provided a meal and paid time to acquire and eat a meal.
4. If a regular day shift employee is called out for emergency work before the start of his/her shift on a scheduled work day and continues to work into his/her regular scheduled work hours and does not have an opportunity to eat breakfast or prepare a lunch before reporting for work, the City shall furnish him/her with such meals (breakfast and/or lunch) if they can be provided by the City. However, the employee will not be paid for the time during the regular lunch period. The City shall only provide meal reimbursement if a meal is purchased.
5. If an employee does not accept a meal at City expense, the employee will receive thirty minutes of overtime for the meal period at the same rate of pay for the time he/she worked when the meal period was missed.

#### B. Meal Compensation

1. For overtime assignments, employees shall be compensated \$17.00 per meal for meal periods earned.

The meal payment will be designated on the employee's timesheet and paid as a taxable benefit. This compensation is not reportable compensation under CalPERS regulations.

### **Shift Trading**

Senior Power Dispatchers and Power Dispatchers have the right to trade shifts with their colleagues within the same classification by giving three (3) calendar days' notice subject to the following conditions:

1. Both employees agree to the shift trade voluntarily.
2. A supervisor approves the shift trade. Supervisors will not unreasonably deny a trade. However, denials are not subject to being grieved.
3. The employee whose shift is worked gets credit for the shift. Thus, the employee whose shift was worked will record the time as time worked on his or her time sheet.

4. Payback of the traded shift will be the responsibility of the two employees who trade shifts and will not be monitored by the City. Traded shifts should fall in the same calendar year. If an employee leaves the City having not paid back a shift, it shall be the responsibility of the two employees to work out any pay back.
  
5. If an employee agrees to trade shifts with another employee and then calls in sick and/or does not work the shift, the employee who agreed to work the shift shall have his/her sick leave (or other accrued leave if sick leave bank is zero) deducted.

### **Compensatory Time Off (Comp-Time)**

- A. In lieu of receiving payment for overtime, an employee may request in advance to accrue compensatory time off at the rate of time and a half (or double time if time worked was at double time) for each hour worked subject to a maximum accrual of one hundred and twenty (120) hours. The department has the sole discretion to grant the accrual of comp time or to pay the overtime.
  
- B. ## **SECTION 5 – POLICIES & PROCEDURES**

### **Payroll**

#### **A. Step Raises**

Employees hired or promoted to Step 1 of a pay range shall receive step increases in the following intervals provided that they receive an overall "meets requirements" on his/her performance evaluation:

Step 1 to Step 2 – after 6 months

Step 2 to Step 3 – after 6 months at step 2  
Step 3 to step 4 - after 12 months at step 3  
Step 4 to step 5 - after 12 months at step 4

B. Salary on Promotion

When an employee is promoted from one classification to a classification allocated to a higher salary range, he/she shall advance to the lowest step in such higher salary range that will provide an amount equal to or nearest to a one-step increase in compensation. The one-step increase will be measured by the compensation schedule from which the employee is being promoted.

Notwithstanding anything in this section, the City Manager may approve a promotion to a higher step within the range.

C. Out of Class Pay/Assignment

When an employee is assigned on a temporary basis to the duties of a higher level position, and such employee assumes the full duties and responsibilities of that position for a minimum of one (1) full shift, such employee shall be compensated from the first day of the temporary appointment at a rate of pay which is no less than the lowest step of the classification for which the employee is temporarily assigned. However, such rate of pay shall not be less than 5.5% or more than the highest step of the classification for which the employee is temporarily assigned.

When there is a current eligibility list, an employee will be selected from that list whenever possible.

The parties agree that to the extent permitted by law, this is special compensation and shall be reported for “classic member” employees per the PEPRA as such pursuant to Title 2 CCR, Section 571(a)(3) Premium Pay – Temporary Upgrade Pay as special compensation.

D. Probation

Probation for new hires and promoted employees shall be one year.

**Discipline**

The City may take disciplinary action for cause. Disciplinary actions shall include only the following: oral and written warnings, suspension, demotion and termination.

**Grievance**

A. Definition

Grievance--a dispute between an employee/employees or the Union and the employer regarding an interpretation or application of the Employer-Employee Labor Relations Resolution, this MOU, or of the Manual of Personnel Rules, Practices and Procedures.

## B. Guidelines

1. An employee or the Union may file a grievance without jeopardizing the employee's employment. A grievance shall not be filed to establish new rules and regulations, change prevailing ordinances or resolutions, nor circumvent existing avenues of relief where appeal procedures have been prescribed.
2. Allegations of unlawful discrimination shall be processed through either the Human Resources Department utilizing the Discrimination Complaint Procedure, or through the Grievance Procedure. The employee may utilize only one of these two procedures and shall select the applicable procedure at the time of the filing of the discrimination allegation.
3. An employee may either represent him/herself in the grievance process or be represented by another person.
4. Once a grievance is presented and formal notification has been given to the department that the employee, if filed by an employee, he/she will be represented by another person in the grievance proceedings, that representative shall be governed by this MOU.

The representative shall be entitled to:

- a. Notification of the time and place of the grievance proceedings and the opportunity to be present at such proceedings.
  - b. A copy of any written decisions or communications to the employee concerning the grievance proceedings.
5. A grievance may be initiated by an employee concerned or by the Union on behalf of employee(s).
  6. An earnest and sincere effort shall be made by all parties to cooperate in the prompt resolution of a grievance in an amicable manner. The time limits may be extended when mutually agreed upon in writing between the appropriate parties. If the employee or his/her representative fails to proceed with the grievance within any of the time limits specified herein, the grievance shall be considered settled on the basis of the last decision rendered.
  7. This is the only method for resolving grievances.

## C. Grievance Procedure

## 1. Step 1

The employee shall orally present the grievance to the immediate supervisor within ten (10) working days following the event or events upon which the grievance is based. If the employee and the immediate supervisor are both in the unit, the grievance shall be presented to the next higher level supervisor not included in the unit. If the employee elects to be represented, upon notification to the immediate supervisor, the employee may be assisted by a representative in presenting the grievance.

The immediate supervisor shall make whatever investigation deemed necessary and may arrange a meeting with the employee to discuss the grievance and, if possible, resolve it. In any event, the supervisor shall give an answer to the employee within ten (10) working days following the oral presentation of the grievance. If the employee has requested to be represented, the representative shall be given the opportunity to attend the meeting, and shall be informed of the immediate supervisor's decision on the grievance.

If the employee is not satisfied with the decision of the immediate supervisor, upon indicating the specific areas of disagreement, appeal to Step 2 can be made.

## 2. Step 2

If the employee desires to appeal his/her grievance to Step 2, there shall be submitted in writing the specific grievance and areas of disagreement, on a grievance form, to the department head, within five (5) working days following receipt of the immediate supervisor's decision at Step 1. The Union may file a grievance on an employee's behalf or on its own by completing the grievance form and submitting it to the department head or Human Resources within five working days of the step one decision. If the Union files a grievance on its own, it can start at Step 2. If the employee has elected to be represented, assistance by the representative can be utilized in appealing the grievance.

The written grievance must contain a complete statement of the complaint, the facts upon which it is based, the employee's reasons for the appeal, and the remedy being requested. The grievance form shall be signed and dated by the employee(s) and/or union representative.

The department head and the Director of Human Resources, or their designated representatives, shall attempt to resolve the grievance and shall arrange a meeting (within sixty (60) days of receipt of form) with the employee(s) or the Union and appropriate representative. The individual who considered the grievance at Step 1 will not be in attendance at this meeting. A decision, in writing, shall be given to the employee within ten (10) working days following the receipt of the written appeal or conclusion of the appeal meeting, whichever is later.

If the written response is not provided within ten (10) workdays of the step 2 meeting than the grievant may appeal to step 3 unless the reason the response has not been provided is because the

information has been requested from the grievant or Union has not been provided. In that situation, the response is not due until after the decision maker is provided with the requested information.

If the employee is not satisfied with the Step 2 decision upon indicating areas of specific disagreement, appeal of the grievance to Step 3 for resolution may be made.

### 3. Step 3-Advisory Arbitration

If the grievance has been properly processed and is not satisfactorily resolved at Step 2, the employee or the Union may appeal the grievance to Step 3. The appeal shall be in writing; shall be signed by the employee, or by the Union, and shall be submitted to the other party within fourteen (14) calendar days of the written decision at Step 2.

The parties shall request the Public Employment Relations Board (PERB) (or other mutually agreeable entity) to submit a list of seven (7) persons qualified to act as arbitrators.

Within five (5) working days following receipt of the list of arbitrators, the parties shall meet to select the arbitrator. The parties shall alternately strike one name from the list of arbitrators (the right to strike the first name to be determined by flipping a coin) until one (1) name remains, and that person shall be the arbitrator.

The arbitrator shall hold a hearing on the issue or issues submitted. The arbitrator shall not hear witnesses without the presence of both parties. The arbitrator shall render a written opinion within 30 days following the closing of the hearing unless the period has been mutually extended in writing. The opinion, shall be advisory only, shall not be binding on either party, and shall be limited to the issue, or issues, presented to (or mutually agreed upon) the arbiter. The opinion shall be sent to the City Manager or designee, with a copy to the employee.

Within fifteen (15) calendar days following receipt of the advisory opinion, the City Manager or designee shall advise the employee by letter whether or not he/she intends to take any further action regarding the issue, or issues, referred to in the arbitrator's advisory opinion. A copy of the City Manager or designee letter will be sent to the employee and Union.

Each of the parties involved shall contribute equally to the cost of facilities, fees and expense of the arbitrator, including transcripts required - which shall be determined in advance of the hearing. Each party shall bear its own witness and attorney fees.

## Layoff

### A. Definition

Layoff is defined as any involuntary separation wherein management eliminates a job without prejudice to the incumbent. Layoff shall result only from a change in the status of a position.

### B. Authority

The City Manager shall have the authority to eliminate positions within any department because of curtailment of funds, reduction in force due to technological or operational changes, or elimination or modification of any activity or service.

### C. Policy

1. The City will make every effort to accommodate those employees who may be subject to layoff through the process of normal attrition. In the event of the reduction of the work force, existing vacancies shall be used to the maximum extent possible to relocate affected employees, regardless of departmental jurisdiction.
2. Layoff shall be made by specific classification series. Employees with two or less years in their current classification series have the right to return to their prior classification series.
3. Within a given class, individuals will be laid off based upon seniority in that classification.
4. The layoff priority of employment categories shall be as follows:
  - a. Probationary, regular full-time employees.
  - b. Regular, full-time employees (for purposes of this policy, employees who work 30 hours per week or more are defined as "full-time".)

The City agrees that prior to implementing a layoff of any member of the bargaining unit, it will not retain temporary employees who are performing the duties of the classification to which the City will be issuing a layoff notice.

5. Departments which anticipate a possible reduction in staff shall notify the Human Resources Department and affected employees as soon as possible in order that appropriate procedures may be initiated.

6. Employees who are laid off shall be placed upon a re-employment list for that class. All vacancies within that class shall be filled from the re-employment list prior to using the regular eligible list. The conditions applying to this list shall be as follows:
  - a. Based upon seniority in their present class, employees will have the right to transfer to any vacant position in the same class within their department.
  - b. If qualified, employees shall have a right to a demotion to another classification in their own department or this bargaining unit if a vacancy exists.
  - c. If any employees cannot be placed under the provisions of paragraphs a. and b. above, such employees may be considered by other departments as follows:
    - i. The employee is physically able to perform the required duties.
    - ii. The position is not one of greater supervisory responsibility and is compensated at a rate equal to or less than the employee's present rate.
    - iii. The employee meets the minimum qualifications and physical standards of the position.
    - iv. Departments, other than the one in which the particular lay-off occurred, are not obligated to accept the laid-off employee unless the classification is covered by the bargaining unit.
7. Employees transferred to a new position in the same class shall receive the same salary step and retain the same anniversary date as in their previous position.
8. Employees who, in order to avoid being laid off, accept voluntary demotion shall be compensated in the established salary range of the class into which they transfer at the step nearest to, but not greater than, that received in their former classification. The employee's rate of pay shall be changed at the time that the reassignment is made or new duties and responsibilities are assumed and the employee shall retain the previous employment date for purposes of step advancement.
9. Employees who accept voluntary demotion shall be eligible at any time for reappointment to their previous classification on the basis of seniority when openings occur in the department where the layoff occurred, provided that they are able to perform the duties of the job. Rejection of a reappointment offer shall terminate eligibility for future consideration.

10. Employees who are subject to impending layoff may not be transferred to a vacant position with a higher salary range except through participation in the normal examination and selection procedures, as established by the Human Resources Department.
11. Employees who cannot be placed, and must be laid off, shall have their names placed on a reemployment list and shall be eligible as follows:
  - a. To compete in promotional examinations for which they are qualified for a period of 12 months.
  - b. To hold reemployment rights for a period of 12 months and be eligible for any vacancies which may occur during this period in the classification held by the employee in the department where the layoff occurred, provided that the employee is able to perform the duties of the job.
12. Employees who must be laid off shall receive a severance pay benefit based on the following considerations: Should it be determined that the City is required to pay unemployment compensation insurance, severance pay shall be reduced concurrent with the availability of unemployment compensation to employees in this unit.
  - a. Employees laid off shall be entitled to one month's compensation for each year of City service not to exceed six (6) months' pay. These payments shall be made on a monthly basis.
  - b. Severance payments shall be prepared with the regular payroll and paid at the end of each month that the employee has not been recalled for the duration of his/her benefit.
  - c. Employee must have completed at least one year of service before being entitled to this benefit.
  - d. If the layoff period is for less than one month, the employee shall receive a benefit proportional to the length of time of the layoff.
  - e. Employees who are laid off will be given the following regarding their other accumulated benefits:
    - i. Employees will not continue to accumulate any longevity-based benefit during the period that they are laid off, but will retain any benefits accumulated to the date of layoff. Employee retirement benefits cease at the time of, and will not be paid during a layoff period.

- ii. The employee may remain in a layoff status for a maximum of 12 months. If the employee is recalled during this time, reinstatement will be made and all rights and benefits will be restored as a regular employee from the date of his/her first appointment within the period of the most recent continuous service, with an appropriate adjustment for the time that was not actually worked on the job.
  - iii. The laid-off employee will have the option of receiving payment for any accumulated vacation and/or sick leave, within the provisions of the respective policies, at any time during the layoff period. Such payments will be made in one sum and will be independent of any severance pay received.
  - iv. Employees who claim payment for accumulated vacation and/or sick leave and are subsequently recalled, will begin re-accumulating the claimed benefit(s) on the date that they report back to work.
  - v. Laid-off employees, who are not recalled within the 12-month period, will be completely separated from the City service and will automatically receive payment for any accumulated vacation or sick leave which has not been previously claimed.
  - vi. Employees laid off and given an opportunity to return to their job classification shall be allowed a maximum of 14 calendar days after such notification to make themselves available. If an employee refuses such an opportunity to reemployment, the employee will lose any remaining severance pay entitlement and will be removed from the reemployment list.
  - vii. Severance benefit payments shall cease when the laid-off employee returns to work with the City, or obtains another full-time position.
  - viii. The parties also agree to discuss the development of programs to train bargaining unit employees for other available City job openings.
13. Employees who: (a) may be transferred, (b) accept a voluntary demotion, (c) are reemployed by the City, shall meet the job requirements of the class into which they are placed.
14. Questions on seniority status, which affect retention and are influenced by previous reclassification actions, shall be adjudicated by the Director of Human Resources.
15. When computing an employee's most recent continuous service and applicable severance payment, previous layoffs and any payments thereto will be disregarded.
16. The terms and conditions of this layoff policy will not be used as a substitute for disciplinary action against any employee.

#### D. Procedure

1. Notice: Each affected employee shall receive written notice from the appointing authority, specifying the exact date when layoff is to be effective; and at least two weeks' notice shall be given.
  - a. The commencing date of the reemployment rights of the employee shall start from the effective date of layoff.
2. Recall List: The Human Resources Department will automatically establish a recall list for a period of 12 months.
  - a. All departments where classifications exist which are on the recall list will be notified of the employee's availability.
  - b. Individuals on the recall list will be appointed to vacancies for which they qualify in the department from which they were laid off, so long as any person in that class is on such a list, before any other names on any other eligible lists promotional or open competitive are used.

#### E. H-Rating

In the event a regular employee is adversely impacted through no fault of his/her own because of organizational and/or involuntary classification changes, the employee's salary shall be H-rated as follows: 100% of the employee's current salary for one year; and 95% of the employee's current salary for one additional year (unless the salary of the new position is equal to or higher than the employee's H-rated salary), for a total of two years. On a case-by-case basis (e.g., when there is a significant difference between the employee's current salary and new salary), the parties may discuss H-rating over a three-year period.

In order to qualify for H-rating, an employee must have regular status as an employee, and regular status in the position/classification affected. H-rating shall not apply in instances of employee demotions, reassignments, or reductions in hours, when such actions result from less than satisfactory job performance.

#### **Personnel File**

An employee shall be entitled to review the contents of his/her personnel file in the Human Resources Department at reasonable intervals. Such reviews shall be permitted upon request, only during hours when Human Resources is regularly open for business and within three (3) days of his/her request, except when an employee is assigned to a remote area. No materials which may be the basis for future disciplinary actions shall

be placed in an employee's personnel file until the employee has had an opportunity to discuss with his/her supervisor such material. An employee shall be supplied with a copy of said material.

### **Safety**

- A. It shall be the responsibility of the City to administer the Safety Program and to make every reasonable effort that safety rules are carried out by all employees. It shall be the responsibility of the employees to make every reasonable effort to ensure that they act in a safe manner.
- B. Should a dispute arise over the application or interpretation of a safety rule, such dispute shall be resolved by use of the Grievance Procedure. However, nothing in this MOU shall prohibit the employee or the Union from exercising their rights to take any safety issue to the appropriate State or Federal agency.
- C. Safety Committee

The City and IBEW, Local 18 endorse the concept of regular and frequent departmental Safety Committee meetings which ensure the full participation and communication of safety issues and concerns among employees and between departments. Towards this end, the City agrees to allow a bargaining unit employee from the electrician and street light series to attend the Water and Power departmental safety committee meetings. In the case of adverse impact to the operation of the City, attendance may be waived.

### **Drug and Alcohol Policy**

It is the responsibility of the City and the employee to maintain a safe, healthy, and productive work environment. Therefore, employees shall not use alcohol or illegal substances while at work nor report to work impaired by the use of drugs or alcohol.

Without detracting from the rights and obligations of the parties, the City and Union agree to cooperate in encouraging employees affected with the condition of alcohol or drug abuse to undergo a program directed to the objective of their rehabilitation.

All employees holding classifications represented by this Union agree to comply with the Alcohol and Drug Abuse Policy specified in Exhibit III.

### **No Smoking**

All employees holding classifications represented by this Union shall observe the No Smoking Policy as adopted by the City.

### **Prideshare**

Unit members must participate in the PrideShare program as identified in the City's Personnel Manual of Policies and Procedures. Solo drivers are required to pay \$35 per month (\$17.50 per pay period). Non-Solo drivers have benefits provided per the policy.

### **Contracting Out**

It is not the intent of the City to cause employees to lose their jobs or be demoted as a result of a decision to contract out bargaining unit work. If, during the term of this MOU, the City proposes to contract out bargaining unit work, the City shall at the earliest possible time notify the Union in writing of such proposal. Upon written request from the Union, the parties shall meet and confer, prior to any bargaining unit work being contracted out. The parties may explore alternatives to contracting out as part of the meet and confer process.

Disputes over the practical consequences of contracting out shall be resolved through the grievance process.

### **Light Duty**

- A. At the discretion of and with the approval of Human Resources, temporary light duty positions may be identified. Should a light duty assignment not be available in the employees' current division, light duty assignments may occur outside the Department/Division which the employee normally works and may involve a change of work hours and/or days off. - B. Employees injured either on duty or off duty will be assigned light duty when a light duty assignment can be found that accommodates his/her work restrictions.
- C. Light duty assignments shall be limited to ninety (90) calendar days. Short term extensions of light duty assignments may be approved by Human Resources when medical evaluation indicates that an employee's return is imminent at the end of the ninety (90) day period.

### B. Policy

The City and the Union recognize the importance of a safe, healthy and productive work environment and the need to eliminate any substance abuse in the workplace. The parties also recognize that employees have a Constitutional right to personal privacy and confidentiality. Both parties agree that employees shall not be under the influence of or in possession of alcohol or drugs while on City property, at work locations, while on duty, or before reporting for duty; shall not utilize such substances when they have a reasonable expectation of call in for duty; shall not possess, provide or sell illegal drugs to any other employees or to any person while on or off duty; nor have their ability to work impaired as a result of the use of alcohol or any drugs or substances

The goals of this policy include the prevention of drug and alcohol use or impairment on the job and the encouragement of treatment and rehabilitation for those employees who voluntarily acknowledge having a drug or alcohol problem. The City shall authorize the use of earned sick leave and vacation and may authorize a leave of absence for an employee who seeks rehabilitation.

### C. Application

This agreement pertains to all employees who hold classifications represented by IBEW and all alcohol, or other substances, drugs or medications, legal or illegal, which are known to impair an employee's ability to effectively and safely perform the functions of their job.

### D. Education

All management and supervisory personnel shall be trained, with periodic updating, to correctly identify symptoms of drugs or alcohol impairment.

### E. Employee Responsibilities

An employee must:

1. Refrain from the use of, or possession of, illegal drugs, substances, or narcotics while on duty or off duty;

2. Not report to work while his/her ability to perform job duties is impaired (or if he/she would test positive on a test based on the testing protocol for a positive test) due to off duty alcohol or drug (whether illegal or legal) use;
3. Not possess or use alcohol during working hours, when there is a reasonable expectation of being called to duty, when on breaks, during meal periods or at anytime while on City property;

8. Provide within 24 hours of request bona fide verification of a current valid prescription for any potentially impairing drug or medication identified when a drug screen/test is positive. The prescription must be in the employee's name; and;
9. Report to the supervisor or take other appropriate action when it is believed other employees may be under the influence of drugs or alcohol or engaging in illegal drug related activities.

Employees who believe they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Employee Assistance Program or other resources available in the community. The City will be equally firm in identifying and disciplining those who continue to be substance abusers and do not seek help.

#### F. Reasonable Suspicion

"Reasonable suspicion" is a belief based on objective facts sufficient to lead a reasonably prudent person to suspect that an employee is under the influence of drugs or alcohol so that the employee's ability to perform the job is impaired or that the employee's ability to perform safely is reduced.

1. The City may require an employee to submit to a drug/alcohol test only where the employer has "reasonable suspicion" that the employee is under the influence of drugs or alcohol while on duty.

2. Random, mass or individually scheduled testing of employees for drugs or alcohol, which is not based on reasonable suspicion, is prohibited unless the employee is on a conditional letter of agreement.
3. Reports of drug use or aberrant behavior which are not confirmed by specific observations shall not constitute "reasonable suspicion".
4. "Reasonable suspicion" exists only when the following elements are present:
  - a. A supervisor observes an employee exhibiting unsafe, aberrant or bizarre behavior, or inability to do their job, and is confirmed by a second supervisor unless there is no second supervisor on shift. At least one of the supervisors must have been trained to recognize the symptoms of being under the influence. Using an illegal substance at the work site, or possessing drugs or alcohol at the work site, does not require a confirmation by a second supervisor.
  - b. The behavior and/or symptoms are not reasonably explained by other causes (such as, but not limited to, fatigue, lack of sleep, side effects of prescription and/or over the counter medications, reactions to noxious fumes or smoke, etc.)
  - c. The symptoms and/or behavior are of the type recognized and accepted by medical science as indicating impairment caused by alcohol or controlled substances.
5. The involvement of an employee in an accident or on-the-job injury shall not, standing alone, constitute "reasonable suspicion" required by this agreement.
6. Each supervisor who observes on-duty conduct which establishes "reasonable suspicion" shall document in writing the specific symptoms or behaviors present. This documentation shall be completed at the time of the observation or immediately thereafter.
7. When a bargaining unit employee has "reasonable suspicion" that a supervisor may be under the influence or impaired while on duty, the bargaining unit employee may report that suspicion to the next level supervisor (up to and including the Department Head) who is then under an obligation to implement the applicable provisions of the City's Drug and Alcohol Policy.

#### G. Testing Procedure

1. When a supervisor has "reasonable suspicion" that an employee is impaired by alcohol or a controlled substance, he/she may order the employee to take a drug/alcohol test.
2. The employee shall be given copies of the supervisors' documented observations prior to the ordered test. He/she shall be driven to the medical facility by a person designated by the City

and may be accompanied by the Union or other representative if the employee chooses. However, the City will not wait for a Union representative to become available as there is urgency for the test to be administered.

3. The employee shall have two options if ordered to submit to a drug test:
  - a. Submit to urine or breath testing for the presence of a controlled substance; or
  - b. Decline the testing which will result in a charge of insubordination and the City may consider that the test as a positive test, which may lead to disciplinary action up to discharge.

#### H. Interpreting Test Results

1. The results of the urine test shall be reported to the supervisor or the Director of Human Resources.
2. If the results are negative, the medical facility shall immediately report that fact to the supervisor or Director of Human Resources who shall notify the affected employee. When the results are negative the employee shall be entirely vindicated of any wrongdoing related to substance abuse, and all related documentation shall be destroyed.
3. If the results are positive, the City may consider all of the circumstances in deciding how to proceed.
4. Upon the employee's request, the City shall authorize and/or provide a copy of all of the laboratory reports including, but not limited to all test results, computer printouts, interpretations, graphs, reports and chain of custody forms.
5. Except as provided in Item 4 (above), the test results and other related lab test reports if any shall not appear in an employee's general personnel folder. Information of this nature will be contained in a separate confidential medical folder that will be securely kept under the control of the Director of Human Resources.

#### I. Discipline

1. For employees who do not seek voluntary rehabilitation for substance abuse problems and where there is a job impact from substance abuse, the City will take appropriate disciplinary action.
2. If the "reasonable suspicion" test results for alcohol or drugs are positive, the employee may be subject to disciplinary action which may result in discharge.

3. The City shall present the employee with a copy of all materials upon which a disciplinary action is based.
4. If the employee caused an accident which resulted in a serious injury while impaired by drugs or alcohol, or if the employee ingested drugs or alcohol on the job, or if the employee has a serious disciplinary record such that any additional incident would be cause for discharge, such employee shall be subject to discipline up to and including discharge.
5. Employees who are discovered by the City to be impaired on the job, or whose job performance is negatively impacted by alcohol or other substances, may request, in lieu of discipline, an opportunity to enter into a rehabilitation program. The City will have discretion as to whether to grant this request. If it does, the employee will be subject to a conditional employment agreement.

J. Voluntary Treatment or Rehabilitation

1. Employees may voluntarily seek assistance for alcohol or substance abuse problems without prejudice. An employee who seeks assistance shall not be disciplined or illegally discriminated against for seeking such assistance. Requests for such assistance shall remain confidential and shall not be revealed to other employees or management personnel without the employee's consent.
2. Treatment in such programs may be covered by the employee or by the group medical plan.
3. Any drug or alcohol testing performed pursuant to a voluntary treatment or rehabilitation program shall remain confidential.
