Brookside Golf Course Cantilevered Net

**DESCRIPTION:** This project provides for the installation of a cantilevered netting system (supplementing the existing vertical netting system) along West Drive and Rosemont Avenue at Brookside Golf Course.

**JUSTIFICATION:** To enhance the safety along the Rose Bowl recreational loop, a cantilevered netting system will be installed to provide a canopy over the walking path adjacent to golf holes south of Washington Boulevard along West Drive and Rosemont Avenue.

**SCHEDULE:** Project will begin in FY 2025.

**RELATIONSHIP TO GENERAL PLAN:** This project is consistent with numerous policies of the Green Space, Parks, and Recreation Element. This includes Policy 2.4, which through implementation of the Arroyo Seco Master Plan, seeks to maintain and enhance the area as a prime resource for quality of life of Pasadena residents. The project is additionally consistent with Policies 6.1 and 14.2, which sets a goal of continuing to provide a wide range of outdoor and indoor activities and experiences for Pasadena residents as part of an integrated park system that serves specific neighborhood needs in specific areas. The project is also consistent with Implementation Program 5.3 of the Mobility Elements. It states the City's first priority when developing the CIP budget should be to address safety issues with the City's infrastructure.

**HISTORY:** This project was created and fully funded in FY 2025.
