Hello Pasadena City Council members,

I wanted to inform you that PCL Construction has joined the Pasadena Chamber of Commerce and Civic Association.

We have met and established a working relationship that will help us share contracting opportunities with our small business members and facilitate more local contracting and supply opportunities. We are also working on finding ways for PCL to engage other local small businesses in areas such as food service and catering.

PCL has been enthusiastic about working with us and enhancing local contracting and material supply opportunities. We are currently assisting on getting the word out to local businesses on two contracts PCL is rebidding.

We appreciate the partnership with PCL and are working diligently to see they include as many local suppliers and sub-contractors as possible and that every opportunity is publicized as widely as possible.

All the best,

Paul
