CEREMONIAL MATTERS

Mayor Gordo presented a proclamation declaring October 2026 as Domestic Violence Awareness and reaffirmed the City's dedication to providing a community safe from domestic violence. Alessandra Marinelli, representing Peace Over Violence, and Tunisia Offray, representing Shepard's Door, thanked the City Council for supporting these efforts, and City Attorney Bagneris recognized these organizations and their partnership with the City's Prosecutor Office to provide resources for victims of domestic violence.

Interim City Manager Hawkesworth spoke on the passing of Nancy Tafoya-Gutierrez, a longtime City employee who had served in the Parks, Recreation, and Community Services Department and more recently in the Rent Stabilization Department, requesting the City Council adjourn the meeting in her memory. Mayor Gordo and Councilmember Jones spoke on Ms. Tafoya-Gutierrez's dedication to the City and extended sincere condolences to City staff and her family.

Interim City Manager Hawkesworth announced that Item 10 (TAX EQUITY AND FISCAL RESPONSIBILITY ACT (TEFRA) HEARING AND ADOPT A RESOLUTION FOR THE CALIFORNIA MUNICIPAL FINANCE AUTHORITY (CMFA) - 2K COLORADO, LP) is pulled from the agenda and will not be discussed.

PUBLIC COMMENT ON MATTERS NOT ON THE AGENDA

Sonja Berndt, Pasadena resident, expressed concerns regarding the lack of formal policy requiring City staff to inform the City Council of availability of motel vouchers, as well as the lack of data on homelessness and quality-of-life issues in the report presented to the Community Police Oversight Commission by the Police Department.

Eric Hsu, Pasadena resident, expressed support for the City's housing initiatives and thanked the City Council for approving the Fair Oaks Orange Grove Specific Plan.

Rene Gonzalez, Pasadena resident, provided comments on sister city relationships and advocated for the City to establish a sister city relationship with Guanajuato, Mexico.

Howard Tan, Pasadena resident, expressed concerns with the City's lease with Rose Bowl Riders and their administrative oversight, and advocated for the City to work through a more transparent and collaborative process to resolve outstanding legal matters.

Chikodili Udwengwu, Pasadena resident, spoke on unresolved personal incident reports and requested that the City Council provide urgent assistance with her matters.

Erika Foy, Pasadena resident, expressed concerns regarding the potential approval of funds for the 2K Colorado, LLC TEFRA Hearing prior to the Design Commission completing their review of the project and the associated costs of building affordable housing units compared to the revenue they generate.

P.A. Brown, Pasadena resident, expressed support for the proposed multifamily housing initiatives related to the 2K Colorado, LLC project and advocated for the City to encourage plug-in solar implementation in residential homes.

Anthony Edson, Pasadena resident, expressed concerns regarding the City's Fair Return process, and advocated for the City to make improvements to enhance the efficiency of the process.

Jill Shook, Pasadena resident, thanked the City Council for supporting the Black Legacy District.

Greg Hedrick, Pasadena resident, expressed concerns with the termination of the City's lease with Rose Bowl Riders and advocated for the City to resolve these matters with the organization.

Councilmember Hampton arrived at 6:32 p.m.

RECOMMENDATIONS FROM OFFICERS AND DEPARTMENTS

City Manager

SURFACE TYPE SELECTION FOR VILLA PARKE AND ROBINSON PARK ATHLETIC FIELDS (PRCS Dept.)
Recommendation: It is recommended that the City Council:
(1) Find that the proposed project in the agenda report is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (Class 1, Existing Facilities) and 15302 (Replacement or Reconstruction), and there are no features that distinguish the project from others in the exempt classes, and therefore, there are no unusual circumstances and no other exception to the exemption applies; and
(2) Approve the replacement of existing artificial turf fields at Villa Parke and Robinson Park with enhanced artificial turf systems that are recyclable, that both remove PFAS from manufacturing and use natural infill materials, while directing staff to continue to evaluate natural grass for future renovation projects.

Koko Panossian, Parks, Recreation, and Community Services ("PRCS") Director, presented a PowerPoint presentation on the item, providing information on the City staff's evaluation and analysis of natural grass, hybrid grass, and artificial turf options, the environmental and heat considerations of each type, field capacity and partnerships, and fiscal impacts.

Councilmember Lyon expressed concerns related to cost differences associated with the installation and maintenance of natural grass versus artificial turf over a 10-year period.

Councilmember Madison expressed concerns regarding long-term health impacts of artificial turf on youth who utilize the fields.

Councilmember Cole expressed concerns that despite modern artificial turf incorporating additional heat-resistant materials to mitigate temperature impacts, such turf fields still produce significantly more heat than natural grass.

The following individuals expressed support for the proposed implementation of artificial turf, expressed concerns regarding the challenges of maintaining natural grass turfs, and/or provided other related comments:

Myung-Soo Seok, Painters and Allied Trades District Council 36
Pete Escalara, Painters and Allied Trades District Council 36
Sherisse Tuck, Pasadena Adult Soccer League
Dr. Mimi Nartey, Pasadena resident
Luis Enrique, residence not stated
Tony de Trinidad, residence not stated
Shannon Ross, residence not stated
Daniel Robinson, residence not stated

The following individuals expressed support for the implementation of natural grass fields at Villa Parke and Robinson Park, citing health and environmental concerns and impacts associated with artificial turf, and/or provided other related comments:

Christy Zamani, Day One
Wes Reutimann, Pasadena resident
Cynthia Cannady, Pasadena resident
Suzanne York, Pasadena resident
Jaxon Zamani, residence not stated
Iesha Siler, Pasadena resident
Robert Urtega, Pasadena resident
Laura Fleming, Pasadena resident
Lauren Siegel, Pasadena resident
Mike Polka, Pasadena resident
Ryan Judge, Pasadena resident
Cheryl Auger, Pasadena resident

Dianne Woelke, Safe Healthy Playing Fields, Inc.
Pilar Reynaldo, Pasadena resident
Chris Medina, Pasadena resident
Egor Chumak, Pasadena resident
Rafael Jimenez, Temple City resident

Anne La Forti, Pasadena resident, suggested the City consider a pilot program where one field would utilize natural grass and the other utilize artificial turf to compare the conditions of both.

Manuel Carmona, Public Health Director, briefly reported on the Public Health Department's review of scientific literature on contaminants in artificial turf and their bio accessibility. In response to the public's concerns related to heat, Public Health Director Carmona also reported on the WetBulb Globe Temperature (WBGT), as a new method used by the National Weather Service to measure heat stress in direct sunlight, including humidity, wind speed, sun angle, and cloud coverage, which prescribes when accommodations be made to protect children's health during outdoor activities.

In response to Councilmember Cole's inquiry regarding the three-month minimum closure for fields, PRCS Director Panossian reported that the City typically closes the fields at Victory Park and Hamilton Park during winter months to perform renovations, noting that the natural grass needs more time to establish deeper roots to withstand heavy usage. Councilmember Cole expressed concerns related to youth safety and potential exposure to heat and chemicals in artificial turfs, advocated for natural grass to be a minimum standard for the City's playing fields, and expressed opposition to the staff recommendation.

Vice Mayor Rivas stated that the artificial turf is a limited focused solution for high-use fields and that the multipurpose fields at Villa Park would remain natural grass. She recognized the important community benefits of maintaining accessibility of parks for youth activities, and stater her support for the staff recommendation.

Councilmember Jones expressed personal preference for natural grass while recognizing that extended park closures for grass maintenance would limit recreational activity, primarily impacting youth. He emphasized the importance of keeping parks active which improves neighborhood safety and stated his support for the staff recommendation.

Councilmember Lyon expressed opposition to the staff recommendation, noting concerns regarding plastic particles and potentially harmful chemicals entering the natural environment and groundwater supply.

In response to Councilmember Masuda's inquiries, PRCS Director Panossian confirmed that the proposed turf infill product is more modern and cooler than material previously used in the City's artificial turfs. Public Health Director Carmon confirmed that artificial turf is recyclable based on findings of CalRecycle. Councilmember Masuda expressed support for the staff recommendation.

In response to Councilmember Madison's inquiry regarding the scope of the Public Health Department's review on the matter, Public Health Director Carmona reported that the Department received a request to evaluate potential contamination of artificial turfs and impacts on health, and did not review environmental impacts. Councilmember Madison expressed concerns regarding the environmental impact of artificial turf and its compatibility with the City's climate and sustainability commitments.

Councilmember Hampton also highlighted importance of keeping parks accessible and how artificial turf would help to reduce periods of inactivity. He expressed support for the staff recommendation and requested that the specifications of the artificial turf be made available for public transparency, preferably prior to purchasing the product. He also advocated for City staff to look into hybrid turf, organic regenerative playing fields, and pilot projects for alternative field maintenance.

Mayor Gordo also expressed personal preference for natural grass fields, while acknowledging that the benefits of artificial turf may outweigh the disadvantages. He raised concerns that field closures may reduce safe opportunities for children to participate in outdoor activities, and expressed support for the staff recommendation.

MOTION: Following discussion, it was moved by Vice Mayor Rivas, seconded by Councilmember Jones, to approve the staff recommendation.

AYES:	Councilmembers Hampton, Jones, Masuda, Vice Mayor Rivas, Mayor Gordo
NOES:	Councilmembers Cole, Lyon, Madison

BRIEF REPORTS FROM REPRESENTATIVES/ REQUESTS FOR FUTURE AGENDA ITEMS

In response to earlier public comment, Mayor Gordo clarified that he sent a letter to the Mayor of Guanajuato to start the process of becoming a friendship city and that it was accepted.

Councilmember Madison expressed concerns regarding the process for establishing friendship cities and sister cities, and the standing of existing sister city organizations, and requested that the matter be agendized for discussion. In response to Councilmember Madison's concerns, Mayor Gordo stated that the matter had already been agendized and discussed by the City Council.

ADJOURNMENT

On order of the Mayor, the regular meeting of the City Council adjourned at 8:59 p.m. in memory of Nancy Tafoya-Gutierrez.
