

## Master Street Tree Plan Amendment Request

The City of Pasadena - Department of Public Works received a request to replace the current, designated tree species (Italian Cypress *Cupressus sempervirens*) on Fairfield Circle.

Two replacement tree species are being considered:

☐

Strawberry Tree (*Arbutus* 'Marina')  
*Check box to indicate preference*

☐

Bay Laurel (*Laurus nobilis*)  
*Check box to indicate preference*

**As part of the City's Master Street Tree Plan amendment process, please indicate your preferred replacement tree species above. Please select only one tree species.**

Next, complete the requested information below, sign the form, and return this page using the enclosed prepaid envelope. **Responses must be received by Monday, April 21.**

A majority vote is required to move this amendment request forward. If a consensus is determined by staff, the results will be presented to the Urban Forestry Advisory Committee at a later date (to be determined).

***Thank you for your participation and for supporting the City's urban forest!***
