

Agenda Report

June 8, 2026

TO: Honorable Mayor and City Council
Successor Agency to the Pasadena Community Development
Commission

THROUGH: Finance Committee

FROM: Department of Finance

SUBJECT: JOINT ACTION ANNUAL READOPTION OF THE FISCAL YEAR 2026-
2027 INVESTMENT POLICY AND INVESTMENT STRATEGY

RECOMMENDATION:

It is recommended that the City Council and the Successor Agency to the Pasadena Community Development Commission:

1. Find that the proposed action is not a project subject to the California Environmental Quality Act (CEQA) as defined in Section 21065 of CEQA and Section 15378 of the State CEQA Guidelines and, as such, no environmental document pursuant to CEQA is required for the project; and
2. Adopt the City Treasurer's recommended Investment Policy and Investment Strategy for Fiscal Year 2026-2027 (FY 2026-2027).

BACKGROUND:

In relation to a local government's investment policy, California Government Code Section 53646 states "the Treasurer or Chief Fiscal Officer may annually render to the legislative body of the local agency a statement of investment policy." Attached for review and approval, is the City's Investment Policy for FY 2026-2027.

The Investment Policy is intended to outline the policies for maximizing the efficiency of the City's cash management system, the prudent investment of the City's funds, and to provide guidelines for suitable investments. The primary goals of the investment policy are to ensure compliance with the law; provide protection of principal; maintain liquidity; and maximize investment income to enhance the economic status of the City.

The City's cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling the City Treasurer to invest funds to the fullest extent possible. The City Treasurer then attempts to obtain the highest yield, provided that all investments meet the safety and liquidity criteria established in the investment policy.

The investment policies and practices of the City Treasurer for the City of Pasadena are based upon federal, state, and local laws and prudent money management. The primary goals of these policies are to:

1. Assure compliance with all federal, state, and local laws governing the investment of monies under the control of the City Treasurer;
2. Preserve the principal amount of monies entrusted to the City Treasurer's office; and
3. Within the goal of preserving the principal amount of monies and maintaining necessary liquidity, to generate the maximum amount of investment income within the parameters of the Investment Policy and the guidelines for suitable investments.

The City Treasurer is authorized to invest the City's funds in accordance with the California Government Code Section 53600 et seq. (the "State Code"), and the investment policy adopted by the Pasadena City Council. The City's investment policy may be modified, amended, or otherwise changed at any time, at the sole discretion of the Pasadena City Council. This investment policy applies to all financial assets and investment activities of the City of Pasadena, the Successor Agency to the Pasadena Development Commission, the Pasadena Center Operating Company, the Rose Bowl Operating Company, and the Pasadena Community Access Corporation, except for the investment of bond proceeds (which are authorized in the bond indentures), employee retirement funds, Section 115 Trust funds, and Deferred Compensation funds.

The City Treasurer manages all of the City's funds in a pooled investment portfolio. The City Treasurer also holds monies in specific purpose funds, invested separately to meet the specific investment objectives of those funds. These funds include construction funds for the City's bond issues, Pasadena Redevelopment Successor Agency Fund, the Power Reserve for Working Capital Fund, the Capital Endowment Fund, and Section 115 Trust Funds. The interest for each is also maintained within the separate fund. The City Treasurer and staff will monitor, review, and respond to changing conditions that affect the various portfolios.

The City holds no investments in derivative products such as interest rate swaps, futures, options, or reverse repurchase agreements. The City has no investments in inverse floaters, range notes, interest only strips that are derived from a pool of mortgages, or any security that could result in zero interest accrual if held to maturity.

At its December 18, 2025, meeting, the Legislative Policy Committee discussed the City's Investment Policy position on Socially Responsible Investing (SRI) and Environmental, Social, and Governance (ESG) considerations and requested a review of the City's investment policy and portfolio to ensure exclusion of direct investments in companies engaged in fossil fuel production, weapons manufacturing, tobacco and private prisons. Following the Legislative Committee's discussion, staff reviewed the City's Investment Policy and portfolio in alignment with the adopted ESG and SRI criteria. This review confirmed that the City's portfolio does not include direct investments in companies engaged in fossil fuel production, weapons manufacturing, tobacco, or private prisons.

On May 11, 2026, the City Council amended the City's investment Policy and codified the Legislative Policy Committee's recommendation by inserting in Section X (Environmental, Social and Governance) of the City's Investment Policy the following language: "***The City Treasurer or any other authorized individual or company managing the investments of the City's surplus funds shall not invest in companies that engage in the production of fossil fuel, weapons manufacturing, tobacco, or private prisons.***"

COUNCIL POLICY CONSIDERATION:

This action supports the City Council's strategic goal to maintain fiscal responsibility and stability.

FISCAL IMPACT:

There is no fiscal impact as a result of this action nor will there be any indirect or support cost requirements. There is no anticipated impact to other operational programs or capital projects as a result of this action. Adoption of the City Treasurer's recommended Investment Policy and Strategy for FY 2026-2027 reflects the City's commitment to ensuring that the City of Pasadena's investment portfolio complies with State law, Environmental, Social, and Governance policies, and maintains the highest degree of safety while maximizing profits.

Respectfully submitted,

KARIN SHNAIDER

Director of Finance

Successor Agency Finance Officer
