Dear Mayor and City Council,

I am writing in support of the proposal by Jess Rivas for an ethical investment or ESG policy that commits the City of Pasadena to NOT invest in weapons manufacturers, fossil fuel companies, and private prisons and to call on the FPRS Board to consider a similar policy.

The staff report neglected to include the recommendation to the FPRS Board to consider a similar policy, but that was clearly a part of Rivas' proposal that the Legislative Policy Committee voted on Feb 4, 2026 to advance to the full City Council. (I just reviewed the tape.)

In addition, I call on the council to take a clear stand against the genocide in Palestine. This is a genocide in which the U.S. is fully involved. This genocide is recognized by all the experts as a genocide, including:

- The International Association of Genocide Scholars
- Human Right Watch
- Amnesty International
- B'T Selem (an Israeli human rights org)
- Physicians for Human Rights Israel
- The UN Independent International Commission of Inquiry on the Occupied Palestinian Territory, including East Jerusalem and Israel
- The UN Special Rapporteur, Francesca Albanese

Additionally, the UN-backed International Criminal Court has issued arrest warrants for Prime Minister Netanyahu and former Defense Minister Yoav Gallant for war crimes and crimes against humanity.

The City of Pasadena regularly, and rightly, commemorates the Armenian genocide, which happened over a 100 years ago and in which the U.S. was not involved. This genocide is happening NOW and the U.S. is fully involved. Let's take a stand against it!!!!

Dear Honorable Mayor Gordo and City Council of Pasadena,

As your constituents, we are deeply concerned about our city and nation.

Our city is at a critical juncture.

We are writing to address the manipulation and propaganda behind the push for a proposed reference to BDS or Israel in any Environmental, Social, and Governance (ESG) resolution or city policy. These tactics falsely accuse Israel of genocide.

If applied consistently, this would require sanctions against many governments responsible for atrocities.

Yet, the focus on Israel reveals a selective enforcement disguised as morality, aimed at isolating a democratic ally.

We ask you to read this letter, reject this ideology, and vote for our democracy instead.

Have you ever considered if a 'social justice' movement is legitimate if it:

- 1) Pays 'protesters' linked to terrorist organizations?
- 2) Intimidates and harasses fellow Americans?
- 3) Suppress civil discourse?
- 4) Violates the civil rights of others?
- 5) Rebrands terrorism as 'resistance'?
- 6) Only condemns one nation while ignoring others?
- 7) Calls for anti-Black racism while perpetuating it elsewhere?
- 8) Justifies violence against women?
- 9) Forms alliances with groups it disagrees with?
- 10) Pressure city councils to isolate a democratic ally?
- 11) Demands Americans abandon moral reasoning?

This is not 'social justice.' It is an authoritarian movement.

Over **50,000** people are killed yearly in the US by gun violence. Is that genocide?

In Tibet over **1.2 million** people were killed by the Chinese. Is that Genocide?

In Sudan over **250,000** people have died and **11 million displaced**. Is that genocide?

In Syria over **350,000** or more people died at the hands of the Assad regime. Is that genocide?

Ukraine and Russia's death totals are beyond **1 million** people. Is that genocide?

Over 1.2 million babies are aborted each year. Is that genocide?

Is that genocide? —

**The Holocaust killed 6 million JEWS. 1.5 children were killed. WWII was a war, Jews did not ask for. Sadly, the Jews took home the gold medal for most killed without provocation. There are only 15 million Jews in the entire world and 473 million Arabs in the world. Who is the underdog?**

The Muslim Brotherhood's plan aims to undermine Western civilization.

We must remain vigilant against this threat.

The proposed BDS resolution is a test case for our city. Choose wisely.

Sincerely,

Helene Ziman

Subject: Why is BDS in City Politics?

Mayor Gordo and City Council of Pasadena,

Why is a boycott of Israel part of our city's politics? The Boycott, Divestment and Sanctions policies are a calculated manipulation and coordinated propaganda campaign. These tactics falsely accuse Israel of genocide and have no place in American town's governance.

If applied consistently and universally, it would demand sanctions against numerous governments and armed groups responsible for well documented atrocities. Its only focus is on Israel which reveals its true hand - selective outrage disguised as morality to isolate Israel, a staunch democratic ally.

One goal of BDS campaigns is not merely to pressure cities to adopt terrorist ideology that ultimately tries to shape U.S. foreign policy. The true power of BDS lies in its role as a permanent, embedded organizational infrastructure across America -- one that can be rapidly mobilized against American cities during future global crises to fool and pressure the public into aligning with MB terrorist ideology.

Even entertaining a BDS resolution in the hallowed halls of our city government plays right into the MB's hands - threatening our laws and the security of our communities.

This proposal to reference BDS or Israel in an ESG resolution or any City policy falsely accuses a democracy, is discriminatory, and does not promote justice - it institutionalizes selective outrage.

Please reject terrorist ideology by refusing to give the BDS resolution any oxygen.

Thank you,  
Andrea Resnick

Dear Mayor Gordo and Members of the Pasadena City Council,

My family resided in Upper Hastings Ranch, District 4, since 1960. I was a lifetime resident of Council District 4 that has been displaced by the January 7<sup>th</sup> fire in Pasadena. My parents purchased their home, along with many others in the 1960's in Hastings Ranch. For at that time, other areas such as Altadena, were not selling real estate to anyone Jewish. But Pasadena was known at the time to be open to anyone identifying as Jewish. It was discussed often over the years as a positive for Pasadena. But now we feel that is changing. After the fire, when my neighbors and I came to speak about our hardships due to the fire and ask you all for help, we sat through many others speaking on other matters. One of which was the divestment of Pasadena's investments, or BDS resolution. I cannot express deeply enough how antisemitic this all sounded to us. Here I was sitting there waiting to speak to you about our losses and was made to sit through speeches that were made by very antisemitic people, demanding very antisemitic changes.

We are writing to urge the Council not to include any reference to BDS or to Israel—directly or indirectly—in any proposed ESG resolution or other City policy. Municipal policy should remain focused on matters directly affecting the residents and governance of Pasadena. Singling out the world's one Jewish state for sanction or condemnation has no meaningful connection to the City's responsibilities and unnecessarily imports divisive international political disputes into our community.

Any action to promote BDS, directly or indirectly, would also send a troubling signal to members of Pasadena's Jewish community and beyond. Policies that single out Israel will be understood as marginalizing and alienating Pasadena Jewish residents whose identity and heritage are often closely connected to Israel.

Moreover, normalizing anti-Israel rhetoric and sentiments through municipal policy risks contributing to the broader climate where antisemitic rhetoric and even violence has skyrocketed.

We respectfully urge the Council to state clearly on the record that it will not consider adopting any BDS resolution or policy—directly or indirectly—and that Pasadena will not single out any specific country in the world for sanction through City policy. Please help to mitigate the damage that is being done to our community. We already lost so much, including our beloved temple built on Altadena Drive, lost entirely in the fire.

Thank you for your attention.

Sincerely,

Susan Padlipsky Rhodes

Dear Mayor Gordo, and City Councilmembers Rivas, Hampton, Cole, Jones, Masuda, Madison and Lyon, I respectfully, but strongly, request that you reject the pressure to adopt divestment measures related to Israel. Municipal policy should remain focused on matters directly affecting the residents and governance of the city, and singling out the world's one Jewish state for sanction or condemnation has no meaningful connection to any U.S. city's responsibilities and unnecessarily imports divisive international political disputes into Pasadena and the greater Pasadena area. Any action to promote BDS, directly or indirectly, would also send a troubling signal to members of Pasadena's Jewish community and beyond. Policies that single out Israel will be understood as marginalizing and alienating Pasadena Jewish residents whose identity and heritage are often closely connected to Israel. Moreover, normalizing anti-Israel rhetoric and sentiments through municipal policy risks contributing to the broader climate where antisemitic rhetoric and even violence has skyrocketed. As a volunteer docent at Holocaust Museum Los Angeles, and as the daughter and niece of Holocaust survivors, I know how dangerous antisemitic rhetoric--or any rhetoric against any ethnic, racial, national or other group--can be.

I respectfully urge the City Council to state clearly on the record that it will not consider adopting any Boycott, Divestment and Sanctions (BDS) resolution or policy—directly or indirectly—and that Pasadena will not single out any specific country in the world for sanction through City policy.

Thank you very much for your time and attention, and for your public service.

Dear Council Member Cole,

We are Jewish citizens of district 2 in Pasadena and we are writing with concern about agenda item #20. It is our understanding that BDS activists are pressuring the city to adopt BDS regarding its investments and we are very much against it -- not because it would have any meaningful impact, but because it would contribute to rising antisemitism in Pasadena (and yes, we feel it) to single out the only Jewish state in this way.

This wonderful city has been our home for about 25 years and we have always lived peacefully alongside Christians and Muslims. We love that we live in a smaller city on the outskirts of Los Angeles, and we have always felt comfortable here. This kind of activism seeks to divide us and pit us against each other, and would make us feel unwelcome, as Jews, in this city. Please don't succumb to it!

Best regards, Sara and Leonard Schulman

Dear City of Pasadena:

I urge you not to even considering divesting from the state of Israel.

When you glance across the globe at all the wrong doings in the world, it is a travesty - from many countries in Africa with the starvation in Sudan to the many atrocities in this ongoing conflict. China with it's isolation and mistreatment of various minority groups.

Please don't single out Israel, a small country that is surrounded by other countries that seek to destroy not only Israel but all its citizens. Yes there should be a peaceful solution and people should sit down and compromise and this has been tried for decades - but all to no avail. The surrounding countries continue the violence in a never ending circle. But please recognize this is true in many countries around the world.

Thank you for your consideration,

Council Member,

I am writing to urge you to support and expand the ethical investment resolution scheduled to come before council on May 11th. As a Pasadena community member, it is very important to me that our tax dollars are spent in alignment with our values as a community. How we spend our money is a direct reflection of our values, and I want to see our spending promote human dignity, freedom, and respect for the planet and all of its people.

I wholeheartedly support the council's decision to prohibit investments in weapons manufacturers, fossil fuel companies and private prisons. And I urge you to go beyond this language, and to align the resolution with Pasadena's stated commitment to protecting our immigrant neighbors by prohibiting investments in companies engaged in mass surveillance. If we are divesting from the private prisons incarcerating our immigrant community members, we should be divesting from the machinery that allows the government to target, surveil and kidnap them. I also hope you will include language about divestment from genocide, specifically naming the genocide in Palestine that our tax dollars are currently funding. Just as Pasadena has acknowledged the Armenian genocide, so should the council acknowledge the human rights atrocities that our government has funded and supported. I don't see how genocide and ethical investment could ever be compatible.

I applaud you for taking this important step to more fully articulate a citywide ethical investment policy. I hope you will take the draft resolution from the Legislative Policy committee and expand on its important premise so that Pasadena can truly have an ethical investment policy that reflects the values of this community I treasure.

Honorable Mayor Gordo and City Council of Pasadena,

**PURPOSE OF OUR LETTER**

We are your constituents and deeply concerned Americans who, like you, care profoundly about our beloved city and country.

Sadly, our city now finds itself at the forefront of a runaway train.

We are writing to bring your attention to the calculated manipulation and coordinated propaganda campaign behind the pressure for a proposed (direct or indirect) reference to BDS or Israel on any proposed Environmental, Social, and Governance (ESG) resolution or any other City policy. These tactics falsely accuse Israel of genocide.

If applied consistently and universally, it would demand sanctions against numerous governments and armed groups responsible for well documented atrocities.

Yet, its laser focus on Israel reveals its true hand - selective enforcement disguised as morality to isolate Israel, a staunch democratic ally.

We ask you to read this letter, reject terrorist ideology, refuse to give this resolution any oxygen, and vote for our democracy instead.

**HAVE YOU EVER WONDERED....**

Is a 'social justice' movement legitimate if...?

- 1) It pays 'protesters' using funds linked to U.S. designated terrorist groups? [1-3]
- 2) Its followers harass, intimidate, vandalize, are violent, and even murder fellow Americans? [4]
- 3) It shuts down civil discourse and intimidates people who dare to disagree? [5]
- 4) It demands civil rights protections for itself but violates the civil rights of fellow Americans - including a protected minority? [6]
- 5) It rebrands a terrorist attack as 'resistance'? [7]

- 6) It ONLY condemns one country, and is silent while its compatriots in different countries are doing ACTUAL atrocities (e.g., slaughter of protesters in Iran; slaughter, rape, and enslavement of Black Christians in Nigeria and Sudan; lack of gender equality in many Muslim majority countries)? [8-12]
- 7) It calls for anti-Black racism in America while perpetuating Black racism in many Muslim majority countries (e.g., Libya, Mali, Mozambique, Niger, Somalia, Sudan, UAE) ? [13-20]
- 8) It uses silence or rebranding to justify rape against Jewish women? [21]
- 9) It uses coalitions with civil rights groups (e.g., Black Rights, Communists, Feminists, LGBTQ+ Community) that it vehemently disagrees with to broadcast its ideology and then abandon in the future? [22-23]
- 10) It calls for the discrimination, exclusion, and intimidation of fellow university students? [24]
- 11) It bullies city councils and boards to vote on isolating a democratic ally that protected and rescued its citizens after experiencing a terrorist attack and simultaneous attacks on seven fronts against its diverse citizens on its 3,000-year-old indigenous land? [25-26]
- 12) It demands that Americans abandon their moral reasoning - the bedrock of democratic values? [27]

Additionally, have you ever asked yourself....?

How could thousands of students in 520 American universities, a day after 10/7/23, all chant the exact same chants, repeat the same libelous accusations on and off-line, hold the same banners, and use identical strategies for campus take overs? [28]

#### AHA MOMENT

Have you figured it out? This is not 'social justice.' It is an authoritarian movement dressed in sheep's clothing.

It is the fruit of a Master Plan, entitled The Memorandum (1991), comprehensively designed by the notorious Muslim Brotherhood (MB) (a designated terrorist organization in Bahrain, Egypt, Saudi Arabia, UAE; and in the U.S. - Lebanese, Jordanian, Egyptian branches). Upon translation, the FBI discovered a shockingly sophisticated plan for a "civilizational jihad" to take-over the United States and destroy it from within [29-30].

The document states:

"The Ikhwan [The Brotherhood] must understand that their work in America is a kind of grand jihad in eliminating and destroying Western civilization from within and sabotaging its miserable house by their hands and the hands of the believers so that it is eliminated, and God's religion is made victorious over all other religions" [31].

Rather than using overt violence, the MB uses sophisticated strategies to embed multi-layered extremist Islamist ideology in the U.S. - keeping peaceful Muslims, and all diverse people who speak against this ideology, silent with reputational and financial intimidation, vandalism, and violence [32].

#### FOUR LAYERS OF ENTRYISM IN THE USA

The Memorandum meticulously outlines four major strategies that weaponize our democratic freedoms (e.g., free speech, civil rights, lawfare, etc.) to embed an intolerant ideology with the aim of destroying our democracy.

1) POLICY IMPACT: Islamists achieve consultative government positions to obstruct our country's response to counterterrorism and shift foreign policy. In a wiretap, the FBI discovered that CAIR is a front for the MB - Hamas - in the U.S. Post September 11th, CAIR has played a strategic role in removing counter-terrorism training about Islamist extremism in Department of Homeland Security manuals [33-34].

2) LEGAL FRAMEWORK MANIPULATION: Islamists turn debate about their ideology and violent behavior into claims of discrimination to protect their totalitarian agenda [35].

3) INSTITUTIONAL INFILTRATION: Islamists build networks of schools, charities, Islamic chairs, campus and off-campus organizations to transmit their ideology under the radar of those unaware it is propaganda meant to destroy the host democracy. The Muslim Students Association (MSA) is in 600 U.S. colleges, there are 300 Islamic Centers in 42 U.S. states, and U.S. professors, such as Cornell's Russell Rickford, call the Hamas terrorist attack "exhilarating" [36-37].

4) NARRATIVE CONTROL: Islamists influence media, education, and academia, using financial investments and media partnerships to promote MB ideology and spokespersons. Qatar, a state sponsor of terrorism, has spent over \$100 billion across U.S. Congress, lobbyists, colleges, PR firms, corporations, and media [38-39].

#### BDS: MUSLIM BROTHERHOOD'S SECRET WEAPON

BDS, and related methods falsely accusing Israel, are an essential part of the MB's "civilizational jihad"[40].

Like other totalitarian movements, the MB needs a rallying cry, so it wraps its intolerant ideology in 'social justice' language to create messaging palpable to Western ears. By rallying against Israel, the MB pretends to sell Americans 'social justice' but in reality, it fools Americans into amplifying its violent extremism and warped moral code [41]. Yes, the MB wants to eradicate Israel, but its ultimate goal - is to take down the USA - the seat of DEMOCRACY in the world and replace it with extreme, intolerant Islamism via "civilizational jihad" [42].

#### BDS: INFRASTRUCTURE TO AMPLIFY TERRORIST IDEOLOGY

The goal of BDS campaigns is not merely to pressure cities to adopt terrorist ideology that ultimately tries to shape U.S. foreign policy.

The true power of BDS lies in its role as a permanent, embedded organizational infrastructure across America -- one that can be rapidly mobilized against American cities during future global crises to fool and pressure the public into aligning with MB terrorist ideology [43].

Our city's decision regarding this proposed discriminatory BDS is a test case for how deeply we allow or block this infrastructure from taking root. Choose wisely.

#### MUSLIM BROTHERHOOD ALIGNED GROUPS

It is essential to carefully look at the groups that are pushing for this proposed resolution in our city. The Memorandum lists 29 initial groups embedded in the USA that are carriers of the MB totalitarian ideology (see reference # 44). Moreover, the Memorandum mentions the importance of building alliances with groups (e.g., Black rights, Communists, Feminists, LGBTQ+, etc.) whom the MB vehemently disagrees with and will abandon in the future - but intentionally uses to broadcast MB's terror messaging [45].

#### BDS: FALLING INTO THE MUSLIM BROTHERHOOD'S TRAP - A THREAT TO DEMOCRACY AND SOCIAL HARMONY

Even entertaining a BDS resolution in the hallowed halls of our city government plays right into the MB's hands - threatening our laws and the security of our communities.

The U.S. Constitution's Commerce Clause grants only Congress the power over foreign policy and sanctions - not cities. This proposed resolution risks unconstitutional overreach and undermines the rule of law [46-47].

Moreover, there is a direct correlation between divestment campaigns such as this and the increase of discrimination, harassment, and violence against Jewish citizens [48-49].
