Commission On The Status Of Women

April 6, 2000

Dear Yescini,

It is with deep regret that I must resign from the Commission on the Status of Women.

It has become increasingly difficult to handle job, family, and health issues. I have not been able to give the participation that the commission requires.

Please know that I will always support the commission. I count you a valued friend and have enjoyed working with you .

Sincerely,

*Beth Kaiama*
