

Agenda Report

Date: May 8, 2000

To: City Council

From: City Manager

Subject: Rejection of the Bid to Provide Labor and Materials for Well 58 Pumping Plant Construction for the Water and Power Department, Specification WD-99-02

Recommendation:

It is recommended that the City Council reject the bid dated March 30, 2000, submitted by Perry C. Thomas Construction, Inc. in response to Specification WD-99-02, for providing labor and materials for Well 58 Pumping Plant Construction for the Water and Power Department.

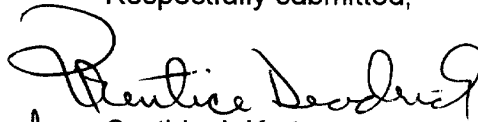

Background:

Specification WD-99-02 was issued on March 9, 2000. Seven contractors received bid packages and one bid was submitted. The bid amount was 16.7% above the engineer's estimate. The project will be reviewed and the specification reissued on a later date. Extra outreach will be made to identify more contractors who are qualified for this kind of work.

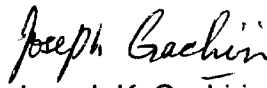

Fiscal Impact:

The only cost associated with reissuing the project specifications is administrative. The original specification will be reissued with minimal changes.

Respectfully submitted,

for Cynthia J. Kurtz
City Manager
